[지문 1]

A Lost Wallet

Last Tuesday, Sujin was walking home from the library. She was thinking about her homework when she saw a brown leather wallet on the sidewalk. She picked it up and opened it. Inside, there was some money and a driver's license. Sujin realized that she should find the owner. She felt a little bit of panic, not knowing what to do. Then, she saw a police station across the street. She went inside and gave the wallet to a police officer. The next day, a man called her. He was the owner of the wallet. He was very thankful and called her an honest student. He even sent a small reward to her school. Sujin felt proud of doing the right thing.

Vocabulary

- **realize** 깨닫다
- **panic** 공황, 당황
- **honest** 정직한
- **reward** 보상, 사례

1-1 위 글의 주제로 가장 적절한 것은?

① A visit to the police station

② The importance of homework

③ An experience of finding a lost wallet

④ How to get a driver's license

⑤ Dangers on the sidewalk

1-2 What did Sujin do right after she found the wallet?

① She took the money out.

② She went to the owner's house.

③ She took it to the police station.

④ She called the owner directly.

⑤ She walked past it.

1-3 위 글의 내용과 일치하지 않는 것은?

① 수진이는 도서관에 다녀오는 길이었다.

② 지갑 안에는 돈과 신분증이 들어 있었다.

③ 지갑 주인은 수진이에게 고마움을 표현했다.

④ 경찰관이 수진이에게 보상을 주었다.

⑤ 수진이는 옳은 일을 한 자신을 자랑스러워했다.

[지문 2]

Mike's First Cooking Class

Mike loves eating pizza, but he has never made one. Last weekend, he joined a kids' cooking class. The chef first showed everyone how to make the dough. Mike followed the recipe carefully. He mixed flour, water, and yeast. It was a bit messy, and he got flour all over his apron. Next, he added tomato sauce, cheese, and his favorite toppings: pepperoni and mushrooms. He put his pizza into the big oven. While waiting, he was very nervous. Finally, his pizza was ready. It looked and smelled wonderful. He took a big bite. It was the most delicious pizza he had ever tasted! He couldn't wait to make one for his family.

Vocabulary

- **recipe** 요리법, 레시피
- **messy** 지저분한, 엉망인
- **apron** 앞치마
- **delicious** 맛있는

2-1 위 글의 제목으로 가장 적절한 것은?

① The Best Pizza Restaurant
② Mike's Fun Cooking Experience
③ How to Eat Pizza
④ The History of Pizza
⑤ Dangers in the Kitchen

2-2 위 글의 내용과 일치하는 것을 고르시오.

① 마이크는 피자 만드는 것을 싫어한다.
② 마이크는 요리 수업에서 파스타를 만들었다.
③ 마이크는 피자를 오븐에 넣는 것을 잊었다.
④ 마이크는 자신이 만든 피자가 아주 맛있다고 생각했다.
⑤ 요리사가 마이크의 피자를 대신 만들어 주었다.

2-3 According to the passage, which topping did Mike NOT use?

① Tomato sauce
② Cheese
③ Pepperoni
④ Olives
⑤ Mushrooms

[지문 3]

My Pet Hamster, Choco

I have a pet hamster named Choco. He is a small, round, and furry creature. He lives in a big cage with a wheel, a water bottle, and a small house. During the day, Choco mostly sleeps inside his house. But when the night comes, he becomes very active. He runs on his wheel for hours. Sometimes the sound of the wheel wakes me up, but I don't mind. I love to observe him. I am responsible for feeding him and cleaning his cage every week. Taking care of a pet is a lot of work, but it is also very rewarding. Choco is a small animal, but he is a big part of my life.

Vocabulary

- **creature** 생물, 동물
- **cage** 우리, 새장
- **observe** 관찰하다
- **responsible** 책임이 있는

3-1 What is this passage mainly about?

① The different kinds of hamsters
② The writer's experience with a pet
③ The difficulties of cleaning a cage
④ How to buy a healthy hamster
⑤ Animals that are active at night

3-2 According to the passage, when is Choco most active?

① In the morning
② In the afternoon
③ During the day
④ At night
⑤ When the writer is at school

3-3 위 글의 내용으로 알 수 없는 것은?

① 햄스터의 이름은 초코이다.
② 글쓴이는 매주 햄스터의 집을 청소한다.
③ 햄스터는 밤에 쳇바퀴를 돌린다.
④ 글쓴이는 초코를 2년 전에 샀다.
⑤ 글쓴이는 애완동물을 돌보는 것에 보람을 느낀다.

[지문 4]

Volunteering at a Nursing Home

Last Saturday, my friend Jina and I did some volunteer work. We went to a local nursing home. A nursing home is a place where elderly people who need care live. At first, I was a little nervous because I had never been to one before. Our job was to read books to the residents and play board games with them. I was paired with an old woman named Mrs. Park. She couldn't see well, so I read a newspaper for her. She listened carefully and smiled. Later, Jina and I helped serve lunch. All the elderly people were very kind to us. It was a valuable experience. I learned that spending time with others is a great way to show love.

Vocabulary

- **volunteer** 자원봉사(자)
- **nursing home** 요양원
- **elderly** 나이가 지긋한, 어르신들
- **valuable** 가치 있는, 소중한

4-1 What is the main purpose of the writer?

① To ask for donations for a nursing home
② To describe a volunteer experience
③ To complain about a boring weekend
④ To give information about board games
⑤ To explain how to read to the elderly

4-2 Which of the following is NOT mentioned as an activity the writer did?

① Reading a newspaper
② Playing board games
③ Serving lunch
④ Cleaning the rooms
⑤ Talking with elderly people

4-3 글쓴이가 처음에 요양원에서 느꼈을 심경으로 가장 적절한 것은?

① excited and happy
② bored and tired
③ proud and confident
④ a little nervous
⑤ angry and upset

[지문 5]

The First Snow

This morning when I woke up, I saw something amazing outside my window. The world was white! Big, soft flakes of snow were falling from the sky. It was the first snow of the year. The snow covered everything—the trees, the roofs, and the cars. It looked like the world was covered in a soft, white blanket. The whole town was quiet and peaceful. I quickly put on my warmest clothes and ran outside. The air was cold and fresh. I made a snowball and threw it at a tree. The atmosphere was so magical. I went back inside and made a cup of hot chocolate. Drinking it by the window and watching the snow fall made me feel very cozy.

Vocabulary

- **flake** (눈)송이
- **blanket** 담요
- **atmosphere** 분위기
- **cozy** 아늑한, 편안한

5-1 위 글의 제목으로 가장 적절한 것은?

① How to Make Hot Chocolate
② The Dangers of Winter
③ A Beautiful Snowy Day
④ My Favorite Season
⑤ A Fun Snowball Fight

5-2 위 글의 내용과 일치하지 않는 것은?

① 올해의 첫눈이 내렸다.
② 글쓴이는 창밖을 보고 눈이 온 것을 알았다.
③ 글쓴이는 밖으로 나가 눈싸움을 했다.
④ 글쓴이는 따뜻한 코코아를 마셨다.
⑤ 눈은 모든 것을 하얀 담요처럼 덮었다.

5-3 밑줄 친 cozy의 의미로 가장 적절한 것은?

① cold and wet
② warm and comfortable
③ sad and lonely
④ loud and exciting
⑤ busy and tired

[지문 6]

School Sports Day

Our school's annual sports day was held yesterday. The sky was clear and everyone was full of energy. All students were divided into two teams: the Blue Team and the White Team. I was on the Blue Team. I decided to compete in the 100-meter race and the relay race. I didn't win the 100-meter race, but I tried my best. The most exciting event was the relay race. I was the last runner for my team. When I got the baton, the White Team was slightly ahead. I ran as fast as I could. My friends and teachers cheered for me loudly. In the end, I passed the other runner and we won! I was so tired, but incredibly happy. Sports day is not just about winning; it's about teamwork and effort.

Vocabulary

- **compete** 경쟁하다, 참가하다
- **relay race** 이어달리기
- **cheer** 응원하다
- **effort** 노력

6-1 What is the main idea of this passage?

① The writer's exciting experience on sports day
② How to win a relay race
③ The rules of the 100-meter race
④ The importance of being on the winning team
⑤ The different teams at school

6-2 Which event did the writer's team win?

① The 100-meter race
② The soccer match
③ The relay race
④ The long jump
⑤ All the events

6-3 위 글의 내용과 일치하는 것을 고르시오.

① 운동회는 비 오는 날 열렸다.
② 글쓴이는 흰색 팀 소속이었다.
③ 글쓴이는 100미터 달리기에서 1등을 했다.
④ 글쓴이는 이어달리기의 마지막 주자였다.
⑤ 글쓴이는 운동회가 끝난 후 매우 슬펐다.

[지문 7]

A Mysterious Noise

One night, I was trying to sleep when I heard a strange noise. It was a soft creak, and it seemed to come from downstairs. At first, I tried to ignore it, but I heard it again. My heart started beating faster. Was it a thief? I decided to be brave and investigate. I quietly got out of bed and tiptoed down the stairs. The noise was getting louder. It was coming from the kitchen. I peeked around the corner and saw a small shadow moving. I was so scared! But then, I saw what it was. It was just my new puppy, Max, trying to get a cookie from the jar on the counter. I was so relieved. I picked him up and said, "Max, you scared me!" The source of the mystery was my cute puppy.

Vocabulary

- **creak** 삐걱거리는 소리
- **investigate** 조사하다
- **tiptoe** 발끝으로 살금살금 걷다
- **relieved** 안도하는
- **source** 근원, 출처

7-1 What is the best title for this story?

① My Brave Puppy
② The Midnight Thief
③ A Mysterious Kitchen Noise
④ How to Train a Puppy
⑤ A Scary Dream

7-2 How did the writer feel when he first heard the noise?

① Happy and excited
② Calm and peaceful
③ A little scared
④ Bored and sleepy
⑤ Angry and annoyed

7-3 What was the real source of the strange noise?

① A thief in the kitchen
② The writer's father
③ The wind outside
④ A new puppy
⑤ A ghost

[지문 8]

Our Small Balcony Garden

My family lives in an apartment, so we don't have a big yard. But we have a small balcony, and my mom decided to start a small gardening project there. First, we bought some large pots, good soil, and a few seed packets. We chose to plant cherry tomatoes, lettuce, and some herbs like basil. My job was to fill the pots with soil and plant the seeds. It was fun to play with the dirt. Every day, I watered the plants and checked on them. For about a week, nothing happened. I was losing patience. But then, one morning, I saw a tiny green sprout coming out of the soil! I was so happy. Gardening teaches me that good things take time.

Vocabulary

- **gardening** 원예, 정원 가꾸기
- **soil** 흙, 토양
- **patience** 인내심, 참을성
- **sprout** 싹, 싹이 트다

8-1 What is the main purpose of this passage?

① To explain the benefits of eating vegetables

② To describe the experience of starting a small garden

③ To compare apartment life and house life

④ To sell gardening tools and seeds

⑤ To complain about living in an apartment

8-2 According to the passage, which of the following did the family NOT plant?

① Cherry tomatoes

② Lettuce

③ Basil

④ Carrots

⑤ Herbs

8-3 밑줄 친 patience의 의미로 가장 적절한 것은?

① the ability to wait calmly

② the skill of growing plants

③ the knowledge about soil

④ the feeling of happiness

⑤ the need for water

[지문 9]

A Day at the Dinosaur Museum

Last weekend, my dad took me to the Natural History Museum. My favorite part of the museum is the dinosaur exhibit. As soon as we entered the hall, I saw a huge Tyrannosaurus Rex skeleton. It was so big that I felt like a tiny ant next to it. The sign said the T-Rex was a powerful hunter. I also saw the skeleton of a Triceratops, with its three big horns. There were many other fossils of ancient plants and sea creatures. I spent a long time looking at all the exhibits and reading the explanations. It's amazing to think that these giant creatures walked the Earth millions of years ago. It was a fascinating day.

Vocabulary

- **exhibit** 전시, 전시품
- **skeleton** 뼈대, 골격
- **fossil** 화석
- **ancient** 고대의

9-1 Where did the writer go last weekend?

① To the zoo
② To an art gallery
③ To the library
④ To the Natural History Museum
⑤ To the park

9-2 What impressed the writer the most at the museum?

① The museum gift shop
② The ancient sea creatures
③ The huge T-Rex skeleton
④ The fossils of plants
⑤ The friendly museum staff

9-3 위 글의 내용과 일치하지 않는 것은?

① 글쓴이는 아빠와 함께 박물관에 갔다.
② 티라노사우루스 렉스는 거대한 사냥꾼이었다.
③ 트리케라톱스는 뿔이 세 개 달려 있었다.
④ 글쓴이는 공룡 전시가 지루하다고 생각했다.
⑤ 박물관에는 고대 식물 화석도 있었다.

[지문 10]

The Power of Sleep

Why is sleep so important? Many students stay up late to study or play games, but not getting enough sleep is a bad idea. Sleep is essential for both your body and your brain. While you are sleeping, your body repairs itself and your brain organizes the information from the day. This helps you remember what you learned. If you don't get enough sleep, you will feel tired and won't be able to concentrate in class. It can also affect your mood, making you feel easily upset. Doctors say teenagers need about 8 to 10 hours of sleep every night. So, make sure to turn off your phone, go to bed early, and let your brain recharge!

Vocabulary

- **essential** 필수적인, 극히 중요한
- **concentrate** 집중하다
- **affect** 영향을 미치다
- **recharge** 재충전하다

10-1 What is the main topic of this passage?

① The reasons why sleep is important
② The best way to study for a test
③ The effects of playing computer games
④ How many hours doctors sleep
⑤ The different stages of sleep

10-2 According to the passage, what is NOT a result of lacking sleep?

① Feeling tired
② Difficulty concentrating
③ Becoming a better student
④ A bad mood
⑤ Forgetting what you learned

10-3 위 글에 따르면, 십 대 청소년에게 필요한 수면 시간은 얼마인가?

① 4~5시간
② 6~7시간
③ 8~10시간
④ 11~12시간
⑤ 정해진 시간이 없다.

[지문 11]

A Family History Project

For my history class, I had a special assignment: to create a family tree. At first, I thought it would be boring. But I was wrong. I started by interviewing my grandparents. They told me amazing stories about their parents and even their grandparents. I learned that my great-grandfather was a teacher in a small village. My great-grandmother was famous for her beautiful singing. I discovered so many interesting facts about my ancestors. I collected old black-and-white photos and put them on a large poster board. My family tree wasn't just a list of names; it was a map of stories. This project helped me understand who I am and where I come from.

Vocabulary

- **assignment** 과제, 숙제
- **interview** 인터뷰하다, 면담하다
- **discover** 발견하다
- **ancestor** 조상, 선조

11-1 What was the writer's history assignment about?

① Writing a report about a famous person
② Creating a family tree
③ Visiting a history museum
④ Reading a history book
⑤ Making a map of a village

11-2 위 글의 내용과 일치하는 것을 고르시오.

① 글쓴이는 처음에 숙제가 재미있을 것이라고 생각했다.
② 글쓴이의 증조할아버지는 유명한 가수였다.
③ 글쓴이는 숙제를 하면서 조상에 대해 많은 것을 알게 되었다.
④ 글쓴이는 숙제를 위해 컬러 사진을 사용했다.
⑤ 글쓴이는 부모님을 인터뷰했다.

11-3 How did the writer feel about the project in the end?

① Bored and tired
② Angry and frustrated
③ It was a valuable and meaningful experience.
④ It was too difficult to finish.
⑤ Disappointed with the result.

[지문 12]

My Stamp Collection

My hobby is collecting stamps. It started when my grandfather gave me his old stamp album. The album was full of colorful stamps from all over the world. I was fascinated. Now, I have my own collection. Each stamp is like a small window to another country. Some stamps show famous people, while others show beautiful animals or historic buildings. My favorite stamp is a rare one from Brazil that shows a toucan. Whenever I get a new stamp, I use a magnifying glass to look at all the tiny details. Then, I carefully place it in my album. Collecting stamps is a fun way to learn about geography and culture.

Vocabulary

- **fascinated** 매료된, 마음을 다 빼앗긴
- **building** 건물
- **rare** 희귀한, 드문
- **culture** 문화

12-1 위 글의 주제로 가장 적절한 것은?

① A gift from a grandfather
② The fun of collecting stamps
③ How to travel around the world
④ The geography of Brazil
⑤ The history of the postal service

12-2 Why does the writer like collecting stamps?

① It is an easy way to make money.
② It helps him learn about different countries.
③ His friends all have the same hobby.
④ He wants to be a designer.
⑤ He likes using a magnifying glass.

12-3 위 글의 내용과 일치하지 않는 것은?

① 글쓴이의 취미는 우표 수집이다.
② 할아버지가 처음으로 우표 앨범을 주셨다.
③ 글쓴이가 가장 좋아하는 우표는 브라질의 펭귄 우표이다.
④ 글쓴이는 우표를 통해 지리와 문화를 배운다.
⑤ 글쓴이는 돋보기를 사용해 우표를 관찰한다.

[지문 13]

A Language Learning App

I have always wanted to learn Japanese because I love anime. So, I downloaded a language learning app on my smartphone. The app is designed to make learning fun. It has many games and quizzes. For example, I can play a game to match Japanese words with pictures. The app also helps with my pronunciation. I can record my voice and compare it to a native speaker's. I try to use the app for at least 15 minutes every day. It's very convenient because I can use it on the bus or while waiting for a friend. Thanks to this app, I can now introduce myself and say simple greetings in Japanese. Technology is a great tool for learning new things.

Vocabulary

- **download** 다운로드하다
- **pronunciation** 발음
- **convenient** 편리한
- **greeting** 인사

13-1 What is the main purpose of the passage?

① To review a Japanese anime
② To explain how to use a smartphone
③ To share a fun experience of learning a language with an app
④ To complain about the difficulty of learning Japanese
⑤ To advertise a new language school

13-2 According to the passage, which is NOT a feature of the app?

① Games and quizzes
② Pronunciation practice
③ Matching words with pictures
④ Watching full anime movies
⑤ Comparing the user's voice to a native speaker's

13-3 위 글의 내용으로 보아, 글쓴이가 일본어를 배우는 주된 이유는?

① 일본으로 여행을 가고 싶어서
② 일본인 친구를 사귀고 싶어서
③ 학교 시험을 잘 보기 위해서
④ 애니메이션을 좋아하기 때문에
⑤ 부모님이 시켜서

[지문 14]

Grandma's Surprise Birthday Party

My grandmother's 70th birthday was last Sunday. My family decided to throw her a surprise party. We all had different roles. My dad was in charge of inviting all our relatives. My mom and I baked a special sweet potato cake because it's my grandmother's favorite. My younger brother made a birthday card with lots of colorful drawings. On the day of the party, we all hid in the living room. When my grandmother walked in, we all shouted, "Surprise!" She was so shocked and happy that she started to cry a little. She said it was the best present she had ever received. Seeing her happy face made all the preparation worthwhile. It was a day full of love and joy.

Vocabulary

- **role** 역할
- **relative** 친척
- **present** 선물
- **preparation** 준비
- **worthwhile** ~할 가치가 있는

14-1 What did the family do for the grandmother's birthday?

① They took her to a restaurant.
② They bought her an expensive gift.
③ They threw her a surprise party.
④ They went on a trip with her.
⑤ They sent her a letter.

14-2 위 글에서 글쓴이가 맡은 역할은 무엇이었는가?

① 친척들 초대하기
② 거실 꾸미기
③ 생일 카드 만들기
④ 엄마와 함께 케이크 굽기
⑤ 할머니를 파티 장소로 모셔오기

14-3 How did the grandmother react to the surprise?

① She was angry because she didn't know.
② She was sad because some people didn't come.
③ She was shocked and very happy.
④ She was too tired to enjoy the party.
⑤ She pretended not to be surprised.

[지문 15]

Planting a Tree for the Future

On Arbor Day, my school held a special event. The goal was to make our school campus greener. Each class was given a small tree to plant. Our teacher explained why trees are so vital for our planet. They produce the oxygen we breathe, provide shade on hot days, and become homes for birds and insects. Our class received a small maple tree. We all worked together. Some students dug a hole, and others carefully placed the tree inside. I helped cover the roots with soil. Finally, we gave the tree plenty of water. Our teacher said, "This tree will grow with you." I felt a sense of accomplishment. I hope to see this tree grow tall and strong in the future.

Vocabulary

- **Arbor Day** 식목일
- **vital** 필수적인, 매우 중요한
- **produce** 생산하다
- **soil** 흙, 토양
- **accomplishment** 성취, 업적

15-1 위 글의 제목으로 가장 적절한 것은?

① A Fun School Event: Planting a Tree
② The Different Kinds of Maple Trees
③ How Trees Produce Oxygen
④ My Favorite Day of the Year
⑤ The Problem of Air Pollution

15-2 According to the passage, which is NOT a reason why trees are important?

① They produce oxygen.
② They provide shade.
③ They become homes for animals.
④ They clean the water.
⑤ They make our environment greener.

15-3 위 글의 내용과 일치하는 것을 고르시오.

① 이 행사는 어린이날에 열렸다.
② 각 학생은 나무를 한 그루씩 심었다.
③ 글쓴이의 반은 소나무를 심었다.
④ 글쓴이는 흙으로 나무뿌리를 덮는 것을 도왔다.
⑤ 선생님은 나무가 빨리 자라지 않을 것이라고 말했다.

[지문 16]

Learning to Ride a Bike

I still remember the day I learned how to ride a bike. I was seven years old, and my bike was bright blue. My dad took me to an empty park. He held the back of the bike while I pedaled. But every time he let go, I would lose my balance and fall. My knees got scraped, and I was scared. I wanted to give up. But my dad encouraged me. He said, "It's okay to fall. The important thing is to get back up." I tried again and again. Suddenly, I was pedaling on my own! I was actually riding the bike without any help. I felt like I was flying. It was a feeling of pure freedom and achievement. That day, I learned a valuable lesson: never give up.

Vocabulary

- **balance** 균형
- **scrape** 긁히다, 찰과상을 입다
- **encourage** 격려하다, 용기를 북돋우다
- **achievement** 성취, 달성

16-1 What is the main theme of this passage?

① The importance of bike safety
② A memory of learning to ride a bike
③ A father's love for his child
④ The best parks for bike riding
⑤ How to choose a good bike

16-2 How did the writer's father help him?

① He bought him a new bike.
② He showed him a video.
③ He encouraged him not to give up.
④ He fixed the broken bike.
⑤ He rode the bike for him.

16-3 글쓴이가 자전거 타기에 성공했을 때 느낀 감정으로 가장 알맞은 것은?

① 슬픔과 외로움 (sadness and loneliness)
② 지루함과 피곤함 (boredom and tiredness)
③ 자유로움과 성취감 (freedom and achievement)
④ 두려움과 걱정 (fear and worry)
⑤ 분노와 실망 (anger and disappointment)

[지문 17]

A Visit to the Aquarium

Our class went on a field trip to the city aquarium last Friday. I was so excited because I love marine animals. The aquarium was huge and had many different sections. We saw scary sharks with sharp teeth and graceful rays that looked like they were flying in the water. My favorite part was the underwater tunnel. As we walked through it, fish of all colors and sizes swam all around us. It felt like I was walking on the ocean floor. We also watched a dolphin show. The dolphins were incredibly intelligent. They jumped high out of the water and did amazing tricks. The trip was not only fun but also educational. I learned a lot about the importance of protecting our oceans.

Vocabulary

- **marine** 바다의, 해양의
- **graceful** 우아한
- **intelligent** 똑똑한, 지능이 높은
- **educational** 교육적인

17-1 Where did the writer go on a field trip?

① To a zoo
② To a museum
③ To an aquarium
④ To a park
⑤ To a farm

17-2 What was the writer's favorite part of the aquarium?

① The dolphin show
② The shark tank
③ The gift shop
④ The underwater tunnel
⑤ The penguin exhibit

17-3 위 글의 내용과 일치하지 않는 것은?

① 글쓴이는 해양 동물을 좋아한다.
② 상어는 날카로운 이빨을 가지고 있었다.
③ 돌고래들은 똑똑하고 놀라운 묘기를 보여주었다.
④ 글쓴이는 바다를 보호할 필요가 없다고 생각했다.
⑤ 수중 터널을 걸을 때 물고기들이 주변에서 헤엄쳤다.

[지문 18]

A Friend in Need

My best friend, Jiho, loves playing soccer. During a match last week, he fell badly and sprained his ankle. The doctor said he had to use crutches for two weeks and couldn't carry heavy things. Jiho was worried about school because his classroom is on the third floor and he has a lot of books. I decided to help him. Every morning, I went to his house to help him carry his bag to school. During breaks, I helped him get his lunch. Some of my other friends helped too. Jiho was very grateful. He said, "A friend in need is a friend indeed." This experience taught me that true friendship is not just about having fun together, but also about supporting each other in difficult times.

Vocabulary

- **sprain** (발목, 손목 등을) 삐다
- **crutches** 목발
- **grateful** 고마워하는, 감사하는
- **difficult** 어려운

18-1 What happened to Jiho last week?

① He won a soccer match.
② He moved to another school.
③ He sprained his ankle.
④ He got a perfect score on a test.
⑤ He lost his school bag.

18-2 How did the writer help Jiho?

① He did Jiho's homework for him.
② He carried Jiho's bag to school.
③ He taught Jiho how to play soccer.
④ He visited Jiho in the hospital every day.
⑤ He bought him new crutches.

18-3 The phrase "A friend in need is a friend indeed" means:

① A true friend helps you when you have problems.
② You should only be friends with people who need you.
③ It is important to have many friends.
④ Friends should always play together.
⑤ You should not trust your friends.

[지문 19]

Making Kimchi with My Family

In Korea, there is a tradition called "Kimjang" in late fall. It's when families get together to make large quantities of kimchi for the winter. Last weekend, my family did our Kimjang. My grandmother is the expert. She showed my mom and me how to properly salt the cabbage and mix the special sauce. The sauce is made with red pepper powder, garlic, ginger, and other ingredients. My job was to spread the sauce between the cabbage leaves. It was messy, but fun. We made enough kimchi to fill ten large jars. We shared some with our neighbors. Kimjang is more than just making food. It's a cultural heritage that brings family and community together.

Vocabulary

- **tradition** 전통
- **quantity** 양, 수량
- **expert** 전문가
- **ingredient** 재료, 성분
- **heritage** 유산

19-1 What is "Kimjang"?

① A Korean holiday in the spring

② The tradition of making a lot of kimchi for winter

③ A special kind of spicy soup

④ A traditional Korean dance

⑤ The name of a famous Korean chef

19-2 위 글에 언급된 김치 양념 재료가 아닌 것은?

① 고춧가루 (red pepper powder)

② 마늘 (garlic)

③ 생강 (ginger)

④ 설탕 (sugar)

⑤ 글쓴이의 역할은 양념을 배추 잎 사이에 바르는 것이었다.

19-3 What does the writer think Kimjang is about?

① It is just a way to prepare food.

② It is a difficult and boring chore.

③ It is a cultural heritage that connects people.

④ It is a competition to make the best kimchi.

⑤ It is a good way to sell kimchi.

[지문 20]

The Most Important Meal of the Day

Do you often skip breakfast because you are in a hurry? Many people do, but doctors say that breakfast is the most important meal of the day. It literally means to "break the fast" after a long night of sleep. Your brain and body need fuel to start the day. Eating a healthy breakfast helps you concentrate better at school and gives you the energy to be active. People who eat breakfast tend to have a healthier diet overall. If you skip breakfast, you might feel tired and hungry by mid-morning, and you may eat unhealthy snacks later. You don't need a big meal. A simple bowl of cereal, a piece of fruit, or some toast can make a big difference.

Vocabulary

- **skip** 거르다, 건너뛰다
- **fuel** 연료
- **concentrate** 집중하다
- **diet** 식단, 식습관
- **difference** 차이

20-1 What is the main idea of the passage?

① The importance of eating breakfast
② The best snacks to eat at school
③ How to lose weight by skipping meals
④ The history of breakfast foods
⑤ Different breakfast menus around the world

20-2 According to the passage, what is a benefit of eating breakfast?

① It makes you feel more tired.
② It helps you concentrate better.
③ It makes you gain weight quickly.
④ It saves you time in the morning.
⑤ It makes you want to eat more snacks.

20-3 위 글의 내용과 일치하지 않는 것은?

① 아침 식사는 하루 중 가장 중요한 식사이다.
② 아침 식사를 거르면 학교에서 집중하기 어렵다.
③ 아침 식사는 뇌와 몸에 에너지를 공급한다.
④ 아침 식사는 항상 거창하게 먹어야 한다.
⑤ 아침 식사를 거르면 건강에 좋지 않은 간식을 먹게 될 수 있다.

The School Flea Market

Our school hosted a flea market last Saturday to raise money for a local charity. A flea market is a market where people sell used goods. My friends and I decided to participate. We gathered things we no longer used, like old books, toys, and clothes. We set up a small table in the school playground. At first, not many people visited our table. We were a bit disappointed. Then, my friend Minjun had a great idea. He made a colorful sign that said, "Great Items, Low Prices!" Soon, more students and parents started to come. We sold almost everything! In total, we earned 50,000 won. We felt proud to donate all the money to the charity. It was a fun way to help others and learn about economics.

Vocabulary

- **charity** 자선 단체
- **participate** 참가하다
- **disappointed** 실망한
- **donate** 기부하다

21-1 What was the purpose of the school flea market?

① To help students clean their rooms

② To raise money for a charity

③ To give students a day off

④ To teach students how to make new things

⑤ To let students buy new school supplies

21-2 What did the writer and his friends do to attract more customers?

① They lowered their prices to zero.

② They shouted loudly.

③ They made a colorful sign.

④ They gave out free snacks.

⑤ They moved their table to a different spot.

21-3 위 글의 내용과 일치하지 않는 것은?

① 벼룩시장은 중고 물품을 파는 시장이다.

② 글쓴이와 친구들은 낡은 책, 장난감 등을 팔았다.

③ 처음부터 많은 사람들이 그들의 가게를 방문했다.

④ 그들은 번 돈을 모두 자선 단체에 기부했다.

⑤ 그들은 총 5만 원을 벌었다.

A Hike to the Summit

Last weekend, my family and I went hiking on Mount Seorak. Our goal was to reach the Ulsanbawi Rock. The trail was steep and rocky. At the beginning, I was full of energy. But after an hour, my legs started to feel heavy, and I was out of breath. I wanted to turn back. My dad noticed I was struggling. He gave me some water and a piece of chocolate. He said, "Look how far we've come! The view from the top will be worth it." His words gave me new strength. We rested for a while and then continued our climb. Finally, we reached the summit. The view was breathtaking. I could see the entire city below me. I felt like I was on top of the world.

Vocabulary

- **goal** 목표
- **steep** 가파른
- **view** 경치, 전망
- **strength** 힘
- **summit** 정상, 꼭대기

22-1 What is the best title for this passage?

① The Dangers of Mountain Climbing
② A Challenging but Rewarding Hike
③ How to Prepare for a Hike
④ The Different Trails of Mount Seorak
⑤ Family Picnics

22-2 How did the writer's father encourage him?

① He offered to carry him.
② He told him the view from the top would be great.
③ He promised to buy him a gift.
④ He said they could go home.
⑤ He showed him a map.

22-3 위 글에 나타난 글쓴이의 심경 변화로 가장 적절한 것은?

① excited → bored
② tired and discouraged → proud and happy
③ calm → nervous
④ hopeful → disappointed
⑤ angry → relieved

[지문 23]

My First Time on a Plane

When I was ten, my family went to Jeju Island for a vacation. It was my first time flying on an airplane. I was both excited and nervous. At the airport, I was amazed by the huge planes. When we boarded our plane, I found my window seat. I looked out the window as the plane started to move faster and faster. Then, I felt a gentle push as we took off. The houses and cars below us got smaller and smaller. Soon, we were flying above the clouds. It looked like a sea of white cotton. The flight attendant gave us juice and snacks. The one-hour flight felt very short. Landing was a bit bumpy, but it was exciting. It was an unforgettable experience.

Vocabulary

- **board** 탑승하다
- **take off** 이륙하다
- **flight attendant** 객실 승무원
- **bumpy** 울퉁불퉁한, 덜컹거리는
- **unforgettable** 잊을 수 없는

23-1 What is this passage mainly about?

① The writer's family vacation on Jeju Island

② The writer's experience of flying for the first time

③ The job of a flight attendant

④ How airplanes fly

⑤ The different types of airplanes

23-2 What did the writer see from the window after taking off?

① The airport and other planes

② The city getting smaller and the clouds below

③ The ocean and many ships

④ The inside of the cockpit

⑤ The stars and the moon

23-3 위 글의 내용과 일치하는 것을 고르시오.

① 글쓴이는 비행기를 타는 것이 지루했다.

② 글쓴이는 창가 자리에 앉지 못했다.

③ 비행기는 구름 위를 날았다.

④ 비행시간은 3시간이 걸렸다.

⑤ 착륙은 매우 부드러웠다.

The Magic of Reading

I used to think reading was boring. I preferred playing video games or watching TV. One rainy afternoon, my mom gave me a book called "The Lion, the Witch and the Wardrobe." She said it was her favorite book when she was a child. I had nothing else to do, so I started reading. The book was about four children who discover a magical land called Narnia. I was completely captivated. I forgot about the rain and the time. I felt like I was right there with the characters, having an adventure. Since that day, reading has become my favorite hobby. Books can take you to different worlds and let you live a thousand lives. It's a special kind of magic.

Vocabulary

- **prefer** ~을 더 좋아하다, 선호하다
- **wardrobe** 옷장
- **captivated** 마음을 사로잡힌
- **character** 등장인물
- **magic** 마법

24-1 What did the writer use to think about reading?

① It was exciting.
② It was his favorite hobby.
③ It was boring.
④ It was difficult.
⑤ It was better than video games.

24-2 What made the writer change his mind about reading?

① His teacher gave him homework.
② He read a magical story about Narnia.
③ His friends told him to read more.
④ He won a book in a contest.
⑤ He wanted to learn new words.

24-3 위 글을 통해 알 수 있는 것은?

① 글쓴이는 비 오는 날을 싫어한다.
② 글쓴이의 엄마는 독서를 좋아하지 않는다.
③ '나니아 연대기'는 네 명의 아이들에 대한 이야기이다.
④ 글쓴이는 책을 읽은 후 다시는 비디오 게임을 하지 않았다.
⑤ 글쓴이는 책을 다 읽는 데 일주일이 걸렸다.

A City Mouse and a Country Mouse

Once, a city mouse visited his cousin in the country. The country mouse offered him simple food like beans and corn. The city mouse didn't like it. "My dear cousin," he said, "your life is so poor. Come with me to the city and I will show you the good life." So, the country mouse went to the city. The city mouse lived in a big house. They went to the dining room. The table was full of delicious food like cake and cheese. But as they started to eat, a big cat jumped in. The mice ran for their lives. Later, two big dogs came in, barking loudly. The country mouse was terrified. "Goodbye, cousin," he said. "I would rather eat my simple food in peace than have your fine food in fear."

Vocabulary

- **cousin** 사촌
- **poor** 가난한, 초라한
- **terrified** 겁에 질린, 무서워하는
- **rather A than B** B하느니 차라리 A하겠다
- **in peace** 평화롭게

25-1 위 글의 장르로 가장 적절한 것은?

① Fable (우화)

② Science fiction (공상 과학 소설)

③ Biography (전기)

④ News report (뉴스 기사)

⑤ Poem (시)

25-2 Why did the country mouse decide to go back to the country?

① He missed his family.

② He did not like the city food.

③ The city was too noisy.

④ He was scared of the dangers in the city.

⑤ The city mouse was not kind to him.

25-3 이 이야기가 주는 교훈으로 가장 적절한 것은?

① 도시 생활이 시골 생활보다 항상 더 좋다.

② 부유하지만 위험한 삶보다 소박하지만 평화로운 삶이 낫다.

③ 맛있는 음식을 친구와 나눠 먹어야 한다.

④ 항상 새로운 것을 시도해야 한다.

⑤ 고양이는 쥐에게 매우 위험한 동물이다.

How to Be a Good Friend

What does it mean to be a good friend? It's not just about having someone to hang out with. A good friend is someone you can trust. They keep your secrets and are honest with you, even when the truth is hard to hear. A good friend is also a good listener. They listen to your problems without judging you. They celebrate your successes and support you when you fail. Friendship is a two-way street. It means you also have to be a good friend to others. You should be loyal and kind. Remember to make time for your friends and show them you care. A true friendship is a precious gift.

Vocabulary

- **trust** 신뢰하다, 믿다
- **judge** 판단하다
- **loyal** 충실한, 의리 있는
- **precious** 소중한, 귀중한

26-1 What is the main topic of the passage?

① The best ways to have fun with friends
② The qualities of a good friend
③ The problems that can happen in a friendship
④ How to make new friends at school
⑤ Why secrets are important

26-2 According to the passage, which is NOT a quality of a good friend?

① They are trustworthy.
② They are good listeners.
③ They are always honest.
④ They only talk about themselves.
⑤ They are supportive.

26-3 위 글에서 "Friendship is a two-way street"가 의미하는 바로 가장 적절한 것은?

① 친구와는 길을 함께 걸어야 한다.
② 좋은 친구가 되려면 나 자신도 좋은 친구가 되어주어야 한다.
③ 친구 사이에는 비밀이 없어야 한다.
④ 우정은 쉽게 변할 수 있다.
⑤ 친구는 두 명만 사귀어야 한다.

[지문 27]

The Life of a Honeybee

Honeybees are fascinating insects. They live together in large groups called colonies. Each bee in the colony has a specific job. The queen bee is the mother of all the other bees. Her only job is to lay eggs. The male bees are called drones. Their job is to mate with the queen. Most bees are female worker bees. They have many important jobs. They collect nectar and pollen from flowers, build the honeycomb, and defend the hive from enemies. They work very hard their whole lives. The honey they produce is not for us; it's their food for the winter. So next time you enjoy some sweet honey, remember the hard work of these amazing creatures.

Vocabulary

- **colony** 군집, 집단
- **lay eggs** 알을 낳다
- **nectar** (꽃의) 꿀
- **pollen** 꽃가루
- **defend** 방어하다, 지키다
- **creature** 생물

27-1 What is the passage mainly about?

① The dangers of bee stings

② The different roles of bees in a colony

③ How to make honey at home

④ The life cycle of a flower

⑤ Why bees are disappearing

27-2 What is the main job of the queen bee?

① To collect nectar

② To build the honeycomb

③ To defend the hive

④ To lay eggs

⑤ To lead the worker bees

27-3 위 글의 내용과 일치하지 않는 것은?

① 꿀벌은 군집을 이루어 산다.

② 수컷 벌은 드론이라고 불린다.

③ 대부분의 벌은 일벌이다.

④ 일벌은 꽃에서 꿀과 꽃가루를 모은다.

⑤ 꿀벌은 인간을 위해 꿀을 만든다.

[지문 28]

My Dream Job: A Webtoon Artist

When I grow up, I want to be a webtoon artist. A webtoon is a type of digital comic that you read on your smartphone or computer. I love drawing and telling stories, so I think it's the perfect job for me. To become a good webtoon artist, I need to practice drawing every day. I also need to read a lot of books and watch movies to get new ideas for my stories. A successful webtoon needs interesting characters and an engaging plot. It's also important to learn how to use digital drawing tools. It's a very competitive field, but I am willing to work hard to achieve my dream. I hope one day people will enjoy reading my webtoons.

Vocabulary

- **digital** 디지털의
- **engaging** 마음을 사로잡는, 매력적인
- **plot** 줄거리, 구성
- **competitive** 경쟁이 치열한
- **achieve** 성취하다, 이루다

28-1 What is the writer's dream job?

① A movie director
② A novelist
③ A webtoon artist
④ A computer programmer
⑤ A teacher

28-2 According to the passage, what is NOT needed to become a good webtoon artist?

① Good drawing skills
② Interesting story ideas
③ The ability to sing well
④ Knowledge of digital tools
⑤ Hard work

28-3 위 글을 통해 알 수 있는 글쓴이의 성격으로 가장 적절한 것은?

① 게으르고 소극적이다.
② 꿈이 없고 비관적이다.
③ 목표가 뚜렷하고 노력하는 자세를 가졌다.
④ 남의 말을 잘 듣지 않고 고집이 세다.
⑤ 쉽게 포기하고 변덕이 심하다.

[지문 29]

The Benefits of Laughter

They say that "laughter is the best medicine," and it's true. Laughter has many positive effects on our body and mind. When you laugh, your body releases chemicals called endorphins. Endorphins are natural pain relievers and make you feel happy. Laughter also improves your immune system, which helps your body fight off disease. It can even be a good workout for your muscles! A good, hearty laugh can relax your whole body. Furthermore, laughter is a social activity. It connects us with other people and strengthens our relationships. So, try to find humor in your daily life. Watch a funny movie, share a joke with a friend, or just laugh at yourself. It's good for your health.

Vocabulary

- **laughter** 웃음
- **effect** 효과, 영향
- **release** 방출하다
- **immune system** 면역 체계
- **health** 건강

29-1 What is the main idea of the passage?

① The different kinds of jokes
② Why funny movies are popular
③ The positive effects of laughter
④ How to make other people laugh
⑤ The science behind endorphins

29-2 According to the passage, what does laughter release in our body?

① Adrenaline
② Stress
③ Endorphins
④ Vitamins
⑤ Tears

29-3 위 글에 언급된 웃음의 효과가 아닌 것은?

① 고통을 줄여준다.
② 면역 체계를 향상시킨다.
③ 근육을 이완시킨다.
④ 기억력을 향상시킨다.
⑤ 사람들과의 관계를 좋게 한다.

[지문 30]

A Message in a Bottle

One day, a young boy named Finn was walking along the beach. He loved collecting seashells and interesting stones. Suddenly, he saw a small glass bottle in the sand. Inside, there was a piece of rolled-up paper. His heart beat with excitement. He carefully opened the bottle and took out the paper. It was a letter, but the writing was faded and hard to read. It seemed very old. The letter was from a sailor named Arthur. He wrote that his ship was caught in a big storm in 1985. He didn't know if he would survive. He just wanted someone to know his story. Finn felt a mix of sadness and wonder. He decided to keep the letter as a treasure, a secret from the sea.

Vocabulary

- **faded** 색이 바랜, 희미해진
- **sailor** 선원, 뱃사람
- **survive** 살아남다, 생존하다
- **wonder** 경이로움, 놀라움
- **treasure** 보물

30-1 What did Finn find on the beach?

① A valuable seashell
② An old map
③ A bottle with a letter inside
④ A sailor's hat
⑤ A piece of a shipwreck

30-2 What was the letter about?

① A map to a hidden treasure
② A love story
③ A message from a sailor in a storm
④ A list of things to do on a ship
⑤ A poem about the sea

30-3 위 글의 내용과 일치하는 것을 고르시오.

① 핀은 보물 지도를 발견했다.
② 병 속에 담긴 편지는 읽기 쉬웠다.
③ 편지는 1985년에 쓰여졌다.
④ 편지를 쓴 선원은 폭풍우에서 살아남았다.
⑤ 핀은 편지를 경찰서에 가져다주었다.

[지문 31]

The School Play

Our English class decided to perform a short play. We chose "The Tortoise and the Hare." I was chosen to play the role of the Tortoise. I was happy because the Tortoise is the hero of the story. My best friend, Minho, played the Hare. We practiced for weeks. I had to learn how to walk very slowly and speak with a confident voice. Minho was good at pretending to be fast and a little bit arrogant. On the day of the play, I was nervous, but I remembered all my lines. The audience laughed when the Hare took a nap, and they cheered when I crossed the finish line first. It was a great experience to work together with my classmates and create something fun for everyone.

Vocabulary

- **tortoise** 거북이
- **hare** 산토끼
- **confident** 자신감 있는
- **arrogant** 거만한, 오만한
- **audience** 관객, 청중

31-1 What is the passage mainly about?

① The story of "The Tortoise and the Hare"

② The writer's experience in a school play

③ The friendship between the writer and Minho

④ How to become a good actor

⑤ The importance of winning

31-2 What role did the writer play?

① The Hare

② The Narrator

③ The Tortoise

④ The Fox

⑤ A Tree

31-3 위 글의 내용과 일치하지 않는 것은?

① 글쓴이의 반은 '토끼와 거북이' 연극을 했다.

② 글쓴이는 거북이 역할을 맡은 것을 기뻐했다.

③ 민호는 빠르고 거만한 산토끼 연기를 잘했다.

④ 글쓴이는 연극 당일 대사를 모두 잊어버렸다.

⑤ 관객들은 거북이가 결승선을 통과했을 때 환호했다.

[지문 32]

A Day Without a Smartphone

My teacher gave us a strange homework assignment: to live for one whole day without our smartphones. I thought it would be impossible. My phone is my alarm clock, my camera, my music player, and my way to talk to friends. The next morning, I woke up late because I didn't have my phone's alarm. During the day, I felt anxious. I kept reaching for my phone in my pocket, but it wasn't there. I couldn't check social media or watch videos. But then, something interesting happened. I started to notice the world around me more. I talked to my family more during dinner. I even picked up a book that I had wanted to read for months. It was a difficult but valuable day. It taught me that I should control my phone, not let my phone control me.

Vocabulary

- **impossible** 불가능한
- **anxious** 불안한, 걱정하는
- **notice** 알아차리다, 주목하다
- **valuable** 가치 있는, 소중한

32-1 What was the writer's special homework?

① To write a report about smartphones
② To spend a day without a smartphone
③ To create a new smartphone app
④ To fix a broken phone
⑤ To teach his parents how to use a smartphone

32-2 How did the writer feel at the beginning of the day?

① Happy and free
② Calm and relaxed
③ Anxious and uncomfortable
④ Excited and hopeful
⑤ Bored and sleepy

32-3 위 글을 통해 '스마트폰 없는 하루'가 글쓴이에게 준 긍정적인 변화가 아닌 것은?

① 가족과 더 많은 대화를 나누었다.
② 주변 세상에 더 관심을 갖게 되었다.
③ 오랫동안 읽고 싶었던 책을 읽었다.
④ 늦잠을 자지 않고 일찍 일어났다.
⑤ 스마트폰 사용을 조절해야겠다고 깨달았다.

[지문 33]

The Northern Lights

Have you ever heard of the Aurora Borealis, also known as the Northern Lights? It is a natural light display in the sky, usually seen in the high-latitude regions around the Arctic. The lights appear in many colors, from pale green and pink to shades of red, yellow, and blue. They dance across the sky in beautiful patterns. What causes this amazing phenomenon? It happens when electrically charged particles from the sun enter the Earth's atmosphere. For many ancient cultures, the Northern Lights were a source of mystery and legends. Some believed they were spirits of the dead. Today, many tourists travel to places like Alaska, Norway, and Iceland just to witness this spectacular show of nature.

Vocabulary

- **natural** 자연의
- **phenomenon** 현상
- **particle** 입자
- **atmosphere** 대기
- **spectacular** 장관을 이루는, 극적인

33-1 What is the main topic of the passage?

① A travel guide to Alaska
② Ancient legends about spirits
③ An explanation of the Northern Lights
④ The dangers of solar particles
⑤ The different colors of the rainbow

33-2 Where can the Northern Lights usually be seen?

① In tropical regions near the equator
② In big cities with a lot of lights
③ In high-latitude regions near the Arctic
④ Under the ocean
⑤ On the sun itself

33-3 위 글의 내용과 일치하는 것을 고르시오.

① 오로라는 인공적으로 만들어진 빛이다.
② 오로라는 태양에서 온 입자가 지구 대기와 만나 발생한다.
③ 옛날 사람들은 오로라의 원인을 정확히 알고 있었다.
④ 오로라는 항상 똑같은 모양으로 나타난다.
⑤ 오로라는 붉은색으로만 보인다.

[지문 34]

My First Pet, a Goldfish

When I was six years old, I won a goldfish at a school fair. I named him Goldie. He was my very first pet. I was so excited. I put him in a small fishbowl in my room. Every day, I would feed him and watch him swim around. But I didn't know how to take care of a fish properly. I gave him too much food, and I didn't change the water often enough. One morning, I found Goldie floating at the top of the water. He was gone. I was heartbroken. My mom explained that it wasn't my fault and that taking care of a living creature is a big responsibility. That experience, though sad, taught me an important lesson about life and responsibility.

Vocabulary

- **goldfish** 금붕어
- **fishbowl** 어항
- **properly** 제대로, 적절하게
- **heartbroken** 비통해하는, 가슴이 찢어지는
- **creature** 생물
- **responsibility** 책임

34-1 How did the writer get his first pet?

① His parents bought it for him.
② He found it in a river.
③ He won it at a school fair.
④ His friend gave it to him.
⑤ He bought it at a pet store.

34-2 Why did the goldfish die?

① It was too old.
② The writer didn't feed it at all.
③ The writer didn't take care of it properly.
④ The fishbowl was too big.
⑤ A cat ate it.

34-3 What lesson did the writer learn from this experience?

① Goldfish are not good pets.
② School fairs are not fun.
③ Taking care of a pet is a big responsibility.
④ He should never have a pet again.
⑤ Crying does not help solve problems.

[지문 35]

The Power of a Simple "Thank You"

How often do you say "thank you"? These two simple words are more powerful than you might think. Saying "thank you" is a way of showing gratitude. It tells someone that you appreciate what they have done for you. It can be for a big thing, like a birthday present, or a small thing, like someone holding a door open for you. When you thank someone, it makes them feel good. It makes them feel valued and respected. This can encourage them to be kind to others as well. Showing gratitude is also good for you. It helps you focus on the positive things in your life and can make you feel happier. So, don't forget to use this magic phrase. It costs nothing but can make a big difference.

Vocabulary

- **gratitude** 감사, 고마움
- **appreciate** 고마워하다, 진가를 알아보다
- **valued** 소중한, 귀한
- **encourage** 격려하다, 부추기다
- **difference** 차이

35-1 What is the main message of the passage?

① The importance of saying "thank you"

② How to get more birthday presents

③ The different ways to open a door

④ Why people should be more positive

⑤ The definition of gratitude

35-2 According to the passage, how does saying "thank you" affect the person who hears it?

① It makes them feel tired.

② It makes them feel valued and respected.

③ It makes them feel confused.

④ It makes them feel sorry.

⑤ It costs them money.

35-3 위 글에 따르면, "감사합니다"라고 말하는 것이 우리 자신에게 좋은 이유는 무엇인가?

① 돈을 벌게 해준다.

② 새로운 친구를 사귀게 해준다.

③ 삶의 긍정적인 면에 집중하게 하고 더 행복하게 만든다.

④ 시험을 더 잘 보게 해준다.

⑤ 다른 사람들을 이기게 해준다.

A Mistake in a Test

Last week, I had a big math test. I studied really hard for it. During the test, I thought I did well. But when I got my test paper back, I saw a big red "X" on the last question. I had made a simple calculation mistake. Because of that one mistake, I got a B instead of an A. I was so disappointed and angry with myself. I complained to my older sister. She listened and then said, "Everyone makes mistakes. The important thing is what you do next. Do you understand why you made the mistake? Can you learn from it?" Her words made me think. I realized that one test score doesn't define who I am. I decided to learn from my mistake and be more careful next time.

Vocabulary

- **calculation** 계산
- **mistake** 실수
- **disappointed** 실망한
- **complain** 불평하다
- **define** 규정하다, 정의하다

36-1 Why was the writer disappointed with his math test?

① The test was too difficult.

② He didn't have enough time to finish.

③ He made a simple mistake and got a lower grade.

④ He forgot to write his name on the paper.

⑤ He failed the test completely.

36-2 What advice did the writer's sister give him?

① She told him to complain to the teacher.

② She said math is not important.

③ She told him to learn from his mistake.

④ She offered to do his homework for him.

⑤ She told him to give up on math.

36-3 이 글을 통해 글쓴이가 얻은 교훈으로 가장 적절한 것은?

① 수학 시험은 항상 어렵다.

② 실수는 절대 해서는 안 된다.

③ 시험 점수가 그 사람의 모든 것을 결정한다.

④ 실수로부터 배우고 다음을 준비하는 것이 중요하다.

⑤ 누나에게 불평하는 것은 도움이 되지 않는다.

[지문 37]

The Secret Life of Trees

We see trees every day, but do we really know them? Trees are much more complex than they look. They have a secret life underground. Their roots spread out like a huge network. Through this network, trees can "talk" to each other. They can share water and nutrients with trees that are sick or in need. They can also send warning signals. For example, if one tree is attacked by harmful insects, it can release a chemical signal through its roots to warn its neighbors. The other trees then produce chemicals to defend themselves. This underground network is sometimes called the "Wood Wide Web." It shows that trees are not just individual plants, but a community that helps each other.

Vocabulary

- **complex** 복잡한
- **network** 망, 네트워크
- **nutrient** 영양분
- **produce** 생산하다
- **community** 공동체

37-1 What is the "Wood Wide Web"?

① A website about trees
② A type of harmful insect
③ The underground root network that connects trees
④ A book about the secret life of trees
⑤ A new kind of computer network

37-2 How can trees "talk" to each other?

① By shaking their leaves
② Through their underground root network
③ By making sounds
④ By changing their colors
⑤ They cannot talk to each other.

37-3 위 글의 내용과 일치하지 않는 것은?

① 나무는 보이는 것보다 훨씬 복잡하다.
② 나무는 뿌리를 통해 서로 영양분을 공유할 수 있다.
③ 한 나무가 공격을 받으면 이웃 나무에게 경고를 보낼 수 있다.
④ 나무는 서로 돕는 공동체를 이루고 있다.
⑤ 나무는 오직 자기 자신만을 위해 살아간다.

My First Part-time Job

When I turned 16, I decided to get my first part-time job. I wanted to earn my own money and gain some work experience. I got a job at a local bakery. My main duty was to pack bread and cookies into bags for customers. I also had to keep the display cases clean and tidy. The job was not easy. I had to stand for hours, and it was busy, especially on weekends. But I enjoyed the smell of fresh bread and the friendly atmosphere. My boss was kind and taught me a lot. I learned how to be more responsible and how to communicate with different people. The best part was getting my first paycheck. I felt so proud because I had earned it myself.

Vocabulary

- **duty** 임무, 의무
- **tidy** 깔끔한, 정돈된
- **atmosphere** 분위기
- **responsible** 책임감 있는
- **paycheck** 급료, 봉급

38-1 Why did the writer want to get a part-time job?

① To meet new friends
② To learn how to bake bread
③ To earn money and gain experience
④ Because his parents told him to
⑤ To get free bread

38-2 What was the writer's main duty at the bakery?

① Baking bread and cookies
② Taking orders from customers
③ Washing the dishes
④ Packing bread and cookies for customers
⑤ Delivering bread to houses

38-3 이 아르바이트 경험을 통해 글쓴이가 배운 점이 아닌 것은?

① 책임감 있게 행동하는 법
② 다양한 사람들과 소통하는 법
③ 돈을 버는 것의 가치
④ 맛있는 빵을 굽는 기술
⑤ 깨끗하고 단정하게 유지하는 것의 중요성

[지문 39]

The Art of Origami

Origami is the Japanese art of paper folding. "Ori" means "folding," and "kami" means "paper." Using a single sheet of square paper, you can create amazing shapes like animals, flowers, or boxes, without using scissors or glue. Origami is not just a fun craft; it is also very beneficial. It helps improve concentration because you have to follow the instructions carefully. It also develops hand-eye coordination and fine motor skills. Furthermore, it teaches patience and problem-solving. When your model doesn't look right, you have to figure out what went wrong. The most famous origami shape is the paper crane. There is a Japanese legend that if you fold one thousand paper cranes, your wish will come true.

Vocabulary

- **beneficial** 유익한, 이로운
- **concentration** 집중력
- **instruction** 설명, 지시
- **legend** 전설

39-1 What is Origami?

① The Japanese art of painting
② The Japanese art of paper folding
③ The Japanese art of flower arrangement
④ The Japanese art of calligraphy
⑤ The Japanese art of sword fighting

39-2 According to the passage, what is a benefit of doing origami?

① It makes you stronger.
② It helps you make money.
③ It improves your cooking skills.
④ It helps improve concentration.
⑤ It teaches you how to use scissors.

39-3 위 글의 내용과 일치하는 것을 고르시오.

① 종이접기를 할 때는 가위와 풀이 필수적이다.
② 종이접기는 인내심을 기르는 데 도움이 된다.
③ 가장 유명한 종이접기 모양은 종이배이다.
④ 종이학 천 마리를 접으면 돈을 많이 벌게 된다는 전설이 있다.
⑤ 종이접기는 주로 둥근 모양의 종이를 사용한다.

[지문 40]

A Solar Eclipse

A solar eclipse is a rare and amazing astronomical event. It happens when the Moon passes directly between the Sun and Earth, and the Moon fully or partially blocks the Sun. This casts a shadow onto Earth. For a total solar eclipse, the sky becomes dark as if it were night. The stars come out, and the air gets cooler. It is a truly awesome sight. However, it is very dangerous to look directly at the sun during an eclipse. The sun's rays can permanently damage your eyes. You must use special eclipse glasses or a pinhole projector to watch it safely. The next time you hear about a solar eclipse happening, make sure you are prepared to view it safely.

Vocabulary

- **astronomical** 천문학의
- **partially** 부분적으로
- **shadow** 그림자
- **dangerous** 위험한
- **damage** 손상시키다
- **permanently** 영구적으로

40-1 What causes a solar eclipse?

① The Earth passes between the Sun and the Moon.

② The Moon passes between the Sun and the Earth.

③ A big cloud covers the Sun.

④ The Sun moves away from the Earth.

⑤ The Earth stops spinning.

40-2 Why is it dangerous to look directly at a solar eclipse?

① It can make you feel dizzy.

② The sky is too dark to see.

③ The sun's rays can damage your eyes.

④ It can make you feel cold.

⑤ It is against the law.

40-3 위 글에서 일식을 안전하게 관찰하는 방법으로 언급된 것은?

① 맨눈으로 직접 보기

② 일반 선글라스 사용하기

③ 특수 안경이나 바늘구멍 사진기 사용하기

④ 망원경으로 보기

⑤ 창문을 통해 보기

[지문 41]

The School Newspaper Club

I am a member of the school newspaper club. We publish a new edition of our newspaper, "The Eagle Times," every month. As a reporter, my job is to find interesting stories happening in our school. Last month, I wrote an article about the new recycling program. I interviewed the science teacher and some students. It was exciting to see my article in print. Our club has different roles. Some students are editors who check for grammar and spelling mistakes. Others are photographers who take pictures for the articles. We all work together as a team. Being in the newspaper club has improved my writing skills and taught me how to meet a deadline. It's a lot of work, but it's very rewarding.

Vocabulary

- **publish** 발행하다, 출판하다
- **edition** (간행물의) 판, 호
- **interview** 인터뷰하다
- **deadline** 마감 기한
- **rewarding** 보람 있는

41-1 What is the writer's role in the newspaper club?

① Editor
② Photographer
③ Reporter
④ Designer
⑤ Publisher

41-2 According to the passage, what is NOT a benefit of being in the club?

① It improves writing skills.
② It teaches how to meet a deadline.
③ It helps make a lot of money.
④ It is a rewarding experience.
⑤ It teaches teamwork.

41-3 위 글의 내용과 일치하는 것을 고르시오.

① 학교 신문의 이름은 'The Lion News'이다.
② 학교 신문은 매주 발행된다.
③ 글쓴이는 지난달에 학교 축제에 대한 기사를 썼다.
④ 신문 동아리에는 기자, 편집자, 사진 기자 등 다양한 역할이 있다.
⑤ 신문 동아리 활동은 일이 적고 매우 쉽다.

[지문 42]

The Four Seasons

Each season of the year has its own special beauty. Spring is a time of new beginnings. The weather gets warmer, flowers bloom, and birds return from the south. Summer is the warmest season. The days are long, and it's a perfect time for swimming and eating ice cream. Then comes autumn, or fall. The leaves on the trees change color to red, yellow, and orange. The air becomes cool and crisp. It's the season of harvest. Finally, winter arrives. It can be very cold, and sometimes it snows. It's a cozy time to drink hot chocolate and read books by the fire. Each season has its own unique charm, and I enjoy them all.

Vocabulary

- **bloom** 꽃이 피다
- **crisp** (공기가) 상쾌한, 쌀쌀한
- **harvest** 수확, 추수
- **unique** 독특한, 고유의
- **charm** 매력

42-1 What is the main purpose of the passage?

① To complain about the weather
② To describe the beauty of each season
③ To give advice on what to wear in winter
④ To explain why leaves change color
⑤ To compare summer and winter

42-2 According to the passage, in which season do flowers bloom?

① Spring
② Summer
③ Autumn
④ Winter
⑤ All year round

42-3 위 글의 내용과 일치하지 않는 것은?

① 봄에는 날씨가 따뜻해진다.
② 여름은 수영하기에 좋은 계절이다.
③ 가을에는 나뭇잎이 초록색으로 변한다.
④ 겨울은 춥고 때로는 눈이 온다.
⑤ 글쓴이는 모든 계절의 매력을 즐긴다.

[지문 43]

A Public Library

A public library is a wonderful place in our community. It's not just a building full of books. It's a place where you can learn, explore, and connect with others. The best part is that most of its services are free. You can borrow books, magazines, and even movies. If you need a quiet place to study, the library is perfect. Many libraries also offer free Wi-Fi and have computers for public use. They often host events like story time for children, book clubs for adults, and workshops on various topics. The librarians are always there to help you find what you need. A library is a valuable resource for everyone, no matter how old you are. It opens up a world of knowledge and imagination.

Vocabulary

- **explore** 탐험하다
- **borrow** 빌리다
- **workshop** 워크숍, 공동 연구회
- **resource** 자원, 자료
- **imagination** 상상력

43-1 What is the main idea of the passage?

① The history of public libraries
② The many benefits and services of a public library
③ How to become a librarian
④ The rules you must follow in a library
⑤ The most popular books in the library

43-2 Which service is NOT mentioned in the passage?

① Borrowing books and movies
② A quiet place to study
③ Free Wi-Fi and computers
④ Selling coffee and snacks
⑤ Events like story time and workshops

43-3 위 글에 따르면, 도서관이 우리에게 왜 가치 있는 장소인가?

① 최신 영화를 가장 먼저 볼 수 있어서
② 돈을 많이 벌 수 있는 기회를 제공해서
③ 지식과 상상력의 세계를 열어주는 귀중한 자원이기 때문에
④ 친구들과 자유롭게 떠들며 놀 수 있어서
⑤ 항상 조용하고 사람이 없어서

[지문 44]

The Story of Helen Keller

Helen Keller was born in 1880. When she was a baby, she had a serious illness that left her both blind and deaf. She could not see or hear. She lived in a dark and silent world, and she was often angry and frustrated. When she was six, her parents hired a teacher named Anne Sullivan. Anne was very patient. She taught Helen how to communicate by spelling words into her hand. The first word Helen understood was "water." It was a breakthrough moment. From then on, Helen learned quickly. She learned to read Braille and even went to college. She became a famous writer and speaker, inspiring millions of people around the world. Her story teaches us that with courage and determination, we can overcome any obstacle.

Vocabulary

- **blind** 눈이 먼
- **deaf** 귀가 먹은
- **Braille** (맹인용) 점자
- **determination** 결심, 투지
- **obstacle** 장애물, 난관

44-1 What happened to Helen Keller when she was a baby?

① She learned to read and write.
② She became blind and deaf due to an illness.
③ She met her teacher, Anne Sullivan.
④ She wrote her first book.
⑤ She traveled around the world.

44-2 Who was Anne Sullivan?

① Helen's mother
② Helen's doctor
③ Helen's best friend
④ Helen's teacher
⑤ The president of her college

44-3 헬렌 켈러의 이야기가 우리에게 주는 교훈으로 가장 적절한 것은?

① 질병은 매우 위험하다.
② 좋은 선생님을 만나는 것은 행운이다.
③ 용기와 굳은 결심이 있다면 어떤 어려움도 극복할 수 있다.
④ 대학 교육은 성공에 필수적이다.
⑤ 유명한 작가가 되는 것은 어렵다.

[지문 45]

The Importance of Teamwork

In a basketball game, one player, no matter how talented, cannot win the game alone. They need their teammates. They need to pass the ball, defend together, and communicate on the court. This is called teamwork. Teamwork is not just important in sports. It's essential in many parts of our lives, like in school projects or even in a family. When we work as a team, we can combine our different skills and ideas. Someone might be good at planning, while another person is good at drawing. By working together, we can achieve a goal that would be difficult to achieve alone. Teamwork also teaches us how to listen to others, compromise, and respect different opinions. It makes the final result much better.

Vocabulary

- **essential** 필수적인
- **combine** 결합하다
- **compromise** 타협하다
- **respect** 존중하다
- **result** 결과

45-1 What is the main topic of the passage?

① The rules of basketball

② The benefits of working alone

③ The importance and benefits of teamwork

④ How to be a good leader

⑤ The best way to plan a project

45-2 According to the passage, what can we do when we work as a team?

① We can always win.

② We can ignore other people's opinions.

③ We can combine different skills and ideas.

④ We can finish the work faster without planning.

⑤ We can make one person do all the work.

45-3 위 글에서 언급된 팀워크의 장점이 아닌 것은?

① 혼자서는 어려운 목표를 달성할 수 있다.

② 다른 사람의 의견을 듣는 법을 배운다.

③ 항상 내 의견을 주장할 수 있다.

④ 다양한 기술과 아이디어를 합칠 수 있다.

⑤ 더 나은 결과를 만들어 낸다.

[지문 46]

A Surprise Visitor

One evening, while I was doing my homework, I heard a tapping sound on my window. I ignored it, thinking it was just the wind. But the tapping came again, a little louder this time. I felt a bit scared. I slowly walked to the window and pulled back the curtain. To my surprise, a small owl was sitting on the windowsill! It had big, round, yellow eyes and was looking right at me. I had never seen an owl so close before. I stood there for a moment, just watching it. The owl tilted its head and then flew away silently into the night. It was a magical and unexpected moment. I will never forget my little surprise visitor.

Vocabulary

- **tapping** 톡톡 두드리는 소리
- **ignore** 무시하다
- **curtain** 커튼
- **surprise** 놀라움
- **unexpected** 예기치 않은, 뜻밖의

46-1 What was the source of the tapping sound on the window?

① The wind
② A tree branch
③ A small owl
④ A person
⑤ The rain

46-2 How did the writer feel when he first heard the sound?

① Happy
② Excited
③ A little scared
④ Bored
⑤ Angry

46-3 위 글의 분위기로 가장 적절한 것은?

① sad and gloomy (슬프고 우울한)
② busy and chaotic (바쁘고 혼란스러운)
③ funny and humorous (재미있고 유머러스한)
④ magical and mysterious (마법 같고 신비로운)
⑤ romantic and sweet (낭만적이고 달콤한)

[지문 47]

The History of Chocolate

Chocolate is one of the world's most popular foods, but where did it come from? The story of chocolate begins in ancient Central America with the Maya and Aztec people. They made a bitter, frothy drink from the beans of the cacao tree. They believed cacao was a gift from the gods. This drink was very different from the sweet chocolate we eat today. In the 1500s, Spanish explorers brought cacao beans back to Europe. The Europeans added sugar and milk to the drink, which made it much more popular. For a long time, chocolate was a luxury item only for the rich. It wasn't until the 19th century that solid chocolate bars were invented, making chocolate a treat that everyone could afford.

Vocabulary

- **ancient** 고대의
- **bitter** (맛이) 쓴
- **luxury** 사치, 호화로움
- **invent** 발명하다
- **afford** (~을 살) 형편이 되다, 여유가 되다

47-1 What is the passage mainly about?

① How to make chocolate
② The health benefits of chocolate
③ The history of chocolate
④ The different types of chocolate
⑤ The economy of Central America

47-2 How was the original chocolate drink made by the Maya and Aztec people?

① It was sweet and solid.
② It was bitter and frothy.
③ It was mixed with milk and sugar.
④ It was served cold with ice.
⑤ It was eaten as a bar.

47-3 위 글의 내용과 일치하는 것을 고르시오.

① 초콜릿은 유럽에서 처음 만들어졌다.
② 고대 마야인들은 카카오를 신의 선물이라고 믿었다.
③ 스페인 탐험가들은 유럽에 설탕을 가져갔다.
④ 초콜릿은 처음부터 모든 사람이 즐길 수 있는 음식이었다.
⑤ 오늘날 우리가 먹는 초콜릿과 옛날 초콜릿 음료는 맛이 똑같다.

[지문 48]

My Fear of Public Speaking

I have a big fear of public speaking. Whenever I have to give a presentation in front of the class, my hands get sweaty, my heart beats like a drum, and my mind goes blank. Last week, I had to present my science project. I was so nervous. The night before, I practiced in front of the mirror many times. I also made cue cards with key points to help me remember. When it was my turn, I took a deep breath and started. At first, my voice was shaky. But as I talked, I started to feel more confident. I remembered my practice and used my cue cards. In the end, I finished my presentation without any big mistakes. My teacher and friends clapped. I was so relieved and proud of myself for facing my fear.

Vocabulary

- **presentation** 발표
- **blank** 텅 빈, 백지의
- **cue card** (발표자를 위한) 대본 카드
- **shaky** 떨리는
- **confident** 자신감 있는
- **relieved** 안도하는

48-1 What is the writer's biggest fear?

① Taking tests
② Public speaking
③ Science projects
④ Talking to the teacher
⑤ Making mistakes

48-2 What did the writer do to prepare for his presentation?

① He asked a friend to do it for him.
② He practiced in front of a mirror and made cue cards.
③ He decided not to go to school.
④ He read a book about public speaking.
⑤ He drank a lot of water.

48-3 글쓴이가 발표를 마친 후 느꼈을 심경으로 가장 적절한 것은?

① disappointed and angry (실망하고 화난)
② bored and indifferent (지루하고 무관심한)
③ sad and lonely (슬프고 외로운)
④ relieved and proud (안도하고 자랑스러운)
⑤ confused and worried (혼란스럽고 걱정되는)

[지문 49]

How Do Birds Fly?

Have you ever watched a bird fly and wondered how it does that? Birds are masters of flight, and their bodies are perfectly designed for it. First, they have very light bones. Many of their bones are hollow, which makes their skeletons much lighter than those of mammals. Second, they have powerful flight muscles in their chest to flap their wings. Third, and most importantly, they have feathers. Feathers are light, strong, and flexible. They help birds to lift off the ground and steer in the air. The shape of a bird's wings is also important. It creates a difference in air pressure, which helps to lift the bird up. It's a perfect combination of lightness, power, and aerodynamic design.

Vocabulary

- **design** 설계하다, 디자인하다
- **hollow** 속이 빈
- **mammal** 포유동물
- **steer** 조종하다
- **aerodynamic** 공기 역학의

49-1 What is the main question this passage answers?

① Why do birds sing?
② Where do birds go in winter?
③ How do birds fly?
④ What do birds eat?
⑤ How do birds build nests?

49-2 Which of the following is NOT a reason why birds can fly, according to the passage?

① They have light, hollow bones.
② They have powerful flight muscles.
③ They eat very little food.
④ They have feathers.
⑤ Their wings have a special shape.

49-3 위 글에서 새의 뼈가 가진 특징으로 언급된 것은 무엇인가?

① 매우 단단하고 무겁다.
② 속이 비어 있어 가볍다.
③ 쉽게 부러진다.
④ 근육이 많이 붙어 있다.
⑤ 깃털로 덮여 있다.

[지문 50]

A Letter to My Future Self

Today in class, our teacher asked us to write a letter to our future selves. We had to write about our current life, our friends, our dreams, and our worries. We then put the letters in a time capsule, which we will open on our graduation day in three years. In my letter, I wrote about my dream of becoming a veterinarian because I love animals. I wrote about my best friend, Sora, and the funny things we do together. I also wrote about my worry that I'm not good enough at math. I asked my future self: "Did you get into a good university? Are you still friends with Sora? Did you get a puppy?" It was a strange but interesting experience. I wonder how much I will have changed in three years.

Vocabulary

- **current** 현재의
- **time capsule** 타임캡슐
- **graduation** 졸업
- **veterinarian** 수의사
- **worry** 걱정

50-1 What did the writer do in class?

① He wrote a letter to his teacher.
② He wrote a letter to his best friend.
③ He wrote a letter to his future self.
④ He made a time capsule.
⑤ He gave a presentation about his dream.

50-2 Which of the following did the writer NOT write about in his letter?

① His dream of becoming a veterinarian
② His best friend, Sora
③ His favorite food
④ His worry about math
⑤ Questions for his future self

50-3 When will the writer open the time capsule?

① Next week
② Next year
③ On his birthday
④ On graduation day
⑤ He will never open it.

[지문 51]

The World of Sign Language

Have you ever seen people talking with their hands? They are likely using sign language. Sign language is a complete language that uses hand gestures, facial expressions, and body movements to communicate. It is not a universal language; different countries have their own sign languages, just like spoken languages. For example, American Sign Language (ASL) is different from British Sign Language (BSL). For many deaf and hard-of-hearing people, sign language is their primary way of communication. Learning sign language can be a wonderful experience. It allows you to communicate with a new community of people. It also helps you become more aware of the diverse ways people interact with the world.

Vocabulary

- **gesture** 몸짓, 제스처
- **facial expression** 얼굴 표정
- **communicate** 의사소통하다
- **universal** 보편적인, 세계적인
- **interact** 소통하다, 교류하다

51-1 What is sign language?

① A secret code used by spies

② A universal language that everyone knows

③ A language that uses hands, face, and body to communicate

④ A simple way to say "hello" and "goodbye"

⑤ A written language for deaf people

51-2 According to the passage, which statement is TRUE?

① Sign language is the same all over the world.

② Only deaf people can learn sign language.

③ American Sign Language and British Sign Language are identical.

④ Sign language uses only hand gestures.

⑤ Different countries have their own sign languages.

51-3 위 글에서 수화를 배우는 것의 장점으로 언급되지 않은 것은?

① 새로운 공동체의 사람들과 의사소통할 수 있다.

② 사람들이 세상을 살아가는 다양한 방식에 대해 더 잘 알게 된다.

③ 더 좋은 직업을 쉽게 구할 수 있다.

④ 청각 장애를 가진 사람들과 소통하는 데 도움이 된다.

⑤ 손과 얼굴 표정을 사용하는 새로운 언어를 배우게 된다.

[지문 52]

A Camping Trip Gone Wrong

My family loves camping. Last summer, we went to a new campsite in the mountains. We set up our tent and were excited for a night under the stars. However, the weather forecast was wrong. Suddenly, dark clouds gathered, and it started to rain heavily. The wind was so strong that our tent almost blew away. We were all huddled inside, listening to the thunder. The rain leaked into our tent, and our sleeping bags got wet. We couldn't make a campfire or cook our dinner. We had to eat cold sandwiches. It was not the fun camping trip we had expected. But looking back, it was a memorable adventure. It taught us to always be prepared for unexpected situations.

Vocabulary

- **campsite** 야영지, 캠핑장
- **forecast** 예보
- **huddle** 옹기종기 모이다
- **leak** (물, 빛 등이) 새다
- **expect** 기대하다, 예상하다
- **adventure** 모험

52-1 What was the main problem during the camping trip?

① They forgot to bring their tent.

② They got lost in the mountains.

③ The weather suddenly turned bad.

④ They saw a wild animal.

⑤ They ran out of food.

52-2 What did the family have for dinner?

① Hot dogs cooked over a campfire

② Barbecue

③ Fish they caught from the river

④ Cold sandwiches

⑤ They skipped dinner.

52-3 이 경험을 통해 글쓴이의 가족이 배운 교훈은 무엇인가?

① 캠핑은 항상 재미있다.

② 산에서는 날씨가 변하지 않는다.

③ 예상치 못한 상황에 항상 대비해야 한다.

④ 샌드위치는 최고의 캠핑 음식이다.

⑤ 캠핑은 다시는 가지 말아야 한다.

[지문 53]

The Great Wall of China

The Great Wall of China is one of the most impressive structures ever built by humans. It is not a single wall but a series of walls and fortifications. It stretches for thousands of kilometers across northern China. The main purpose of the wall was to protect China from invasions by nomadic tribes from the north. The construction of the wall started over 2,000 years ago and continued for centuries. Millions of soldiers and common people worked to build it. The wall was built using various materials, including stone, brick, and earth. Today, the Great Wall is a famous tourist attraction. It is a symbol of China's long history and the perseverance of its people.

Vocabulary

- **structure** 구조물
- **fortification** 요새, 방어 시설
- **purpose** 목적
- **invasion** 침략, 침입
- **attraction** 명소, 명물
- **perseverance** 인내, 끈기

53-1 What was the main purpose of the Great Wall of China?

① To be a tourist attraction

② To protect China from invasions

③ To be a road for trade

④ To mark the center of the country

⑤ To show the emperor's power

53-2 Which statement about the Great Wall is NOT true?

① It is a single, continuous wall.

② It stretches for thousands of kilometers.

③ It was built over many centuries.

④ Millions of people worked to build it.

⑤ It is now a famous tourist site.

53-3 위 글을 통해 만리장성이 상징하는 바로 가장 적절한 것은?

① 중국의 빠른 경제 발전

② 중국의 아름다운 자연

③ 중국의 오랜 역사와 인내심

④ 북방 유목민과의 평화

⑤ 현대 건축 기술의 우수성

[지문 54]

Why Do We Yawn?

Everyone yawns. You might yawn when you are tired or bored. But have you ever wondered why we do it? For a long time, scientists believed that we yawn to get more oxygen into our blood. However, recent studies suggest a different reason. The main theory now is that yawning helps to cool down our brain. Your brain works best when it is at a certain temperature. When your brain gets too warm, a yawn can help bring cooler blood to it. This might explain why we yawn more when we are tired, as tiredness can raise brain temperature. It also explains why yawning is contagious. Seeing someone else yawn might be a signal to our brain that it's time to cool down too.

Vocabulary

- **yawn** 하품하다
- **oxygen** 산소
- **cool down** 식히다
- **temperature** 온도
- **contagious** 전염성이 있는

54-1 What is the new theory about why we yawn?

① To get more oxygen

② To show that we are bored

③ To exercise our jaw muscles

④ To cool down our brain

⑤ To wake ourselves up

54-2 The word "contagious" in the passage means:

① something that is very interesting.

② something that is easily spread from one person to another.

③ something that is difficult to understand.

④ something that is good for your health.

⑤ something that happens only when you are tired.

54-3 위 글의 내용과 일치하는 것을 고르시오.

① 하품은 혈액 속 산소를 부족하게 만든다.

② 뇌가 너무 차가워질 때 하품을 한다.

③ 하품이 전염되는 이유는 아직 아무도 모른다.

④ 피곤할 때 뇌의 온도가 올라갈 수 있다.

⑤ 하품의 원인에 대한 과학적 이론은 변한 적이 없다.

A Visit to a Traditional Market

Last weekend, I went to a traditional market with my grandmother. It was very different from the clean, quiet supermarket I usually go to. The market was crowded and noisy, but it was full of life and energy. The air was filled with the smells of fresh vegetables, fried chicken, and various spices. Vendors were shouting to attract customers. My grandmother seemed to know everyone. She greeted many of the shop owners. She taught me how to pick the freshest fish and how to bargain for a better price. We bought a lot of things and our hands were full. It was a fun experience. The traditional market is not just a place to shop; it's a place full of human connection and culture.

Vocabulary

- **vendor** 노점상, 행상인
- **spice** 향신료, 양념
- **bargain** 흥정하다
- **connection** 연결, 관계

55-1 How was the traditional market different from a supermarket?

① It was quiet and empty.

② It was crowded, noisy, and full of energy.

③ It only sold packaged goods.

④ It was cleaner and more modern.

⑤ The prices were fixed.

55-2 What did the writer's grandmother teach him at the market?

① How to cook fish

② How to greet people in different languages

③ How to pick fresh fish and bargain

④ How to find the exit

⑤ How to avoid the crowds

55-3 위 글에서 글쓴이가 생각하는 재래시장의 가장 큰 특징은 무엇인가?

① 물건 값이 매우 싸다는 점

② 원하는 물건을 찾기 쉽다는 점

③ 쇼핑하기에 매우 편리하다는 점

④ 사람 사이의 정과 문화를 느낄 수 있는 장소라는 점

⑤ 항상 조용하고 깨끗하다는 점

[지문 56]

The Life of a Butterfly

The life of a butterfly is a story of amazing transformation. This process is called metamorphosis. A butterfly's life has four stages. First, a female butterfly lays her eggs on a leaf or stem. This is the egg stage. Second, a larva, which we call a caterpillar, hatches from the egg. The caterpillar's main job is to eat and grow. It eats a lot and grows very quickly. Third, when the caterpillar is big enough, it forms a protective shell around itself called a chrysalis (or pupa). This is the pupa stage. Inside the chrysalis, an incredible change happens. Finally, a beautiful butterfly emerges from the chrysalis. It is ready to fly, drink nectar, and start the cycle all over again.

Vocabulary

- **transformation** 변화, 변신
- **metamorphosis** 탈바꿈, 변태
- **stage** 단계
- **larva** 애벌레, 유충
- **emerge** 나오다, 나타나다

56-1 What is the correct order of a butterfly's life stages?

① Egg → Pupa → Larva → Butterfly

② Larva → Egg → Pupa → Butterfly

③ Egg → Larva → Pupa → Butterfly

④ Pupa → Egg → Larva → Butterfly

⑤ Egg → Butterfly → Larva → Pupa

56-2 What is the main job of a caterpillar?

① To fly and find flowers

② To lay eggs

③ To eat and grow

④ To form a chrysalis immediately

⑤ To sleep all day

56-3 위 글에서 '번데기' 단계를 영어로 무엇이라고 하는가?

① Egg

② Larva

③ Caterpillar

④ Pupa

⑤ Butterfly

[지문 57]

The Lost Dog

One afternoon, a little girl named Lily was playing in her yard when she saw a small dog. The dog looked lost and scared. It had a collar but no name tag. Lily felt sorry for the dog. She slowly approached it and gave it some water. The dog seemed friendly. Lily's mom helped her make some "Lost Dog" posters. They put the dog's picture on the poster and their phone number. They put the posters up all around their neighborhood. The next day, they got a call. It was from an elderly man who lived a few blocks away. He was so happy and relieved. His dog, Sparky, had run out of the house the day before. Lily was sad to say goodbye to Sparky, but she was happy that she could help him find his way home.

Vocabulary

- **collar** 목걸이, 칼라
- **approach** 다가가다, 접근하다
- **neighborhood** 동네, 이웃
- **elderly** 나이가 지긋한
- **relieved** 안도하는

57-1 What did Lily do to find the dog's owner?

① She called the police.
② She took the dog to an animal shelter.
③ She made and put up "Lost Dog" posters.
④ She walked around the city with the dog.
⑤ She posted about the dog on the internet.

57-2 Who was the owner of the lost dog?

① A young boy
② A police officer
③ An elderly man
④ Lily's neighbor
⑤ The poster didn't work, so they don't know.

57-3 How did Lily feel at the end of the story?

① Angry that she had to give the dog back
② Sad to say goodbye, but happy to have helped
③ Happy to keep the dog forever
④ Disappointed that the owner was found
⑤ Worried that the dog would get lost again

[지문 58]

The Benefits of Reading Newspapers

In this digital age, many people get their news from the internet or social media. However, reading a physical newspaper still has many benefits. First, newspapers are written by professional journalists and checked by editors, so the information is generally more reliable than what you find on social media. Second, reading a newspaper can improve your vocabulary and reading comprehension skills. You are exposed to a wide range of topics and writing styles. Third, it helps you understand the world better. You can learn about politics, economics, culture, and sports all in one place. It can make you a more informed citizen. So, try picking up a newspaper once in a while.

Vocabulary

- **benefit** 이점, 혜택
- **journalist** 기자
- **reliable** 신뢰할 수 있는, 믿을 만한
- **comprehension** 이해력
- **citizen** 시민

58-1 What is the main point of the passage?

① The internet is the best source of news.

② Reading newspapers has several benefits.

③ How to become a journalist.

④ The history of newspapers.

⑤ The problems with social media.

58-2 According to the passage, why is newspaper information often more reliable?

① It is written by famous people.

② It is checked by professional journalists and editors.

③ It is free for everyone.

④ It has more pictures.

⑤ It is updated every minute.

58-3 위 글에서 신문을 읽는 것의 장점으로 언급되지 않은 것은?

① 어휘력과 독해력을 향상시킨다.

② 세상을 더 잘 이해하게 도와준다.

③ 더 많은 정보를 가진 시민이 되게 한다.

④ 소셜 미디어보다 더 빨리 소식을 접할 수 있다.

⑤ 신뢰할 만한 정보를 얻을 수 있다.

The Mystery of the Bermuda Triangle

The Bermuda Triangle, also known as the Devil's Triangle, is a region in the western part of the North Atlantic Ocean. It is famous for a mystery: many ships and airplanes have reportedly disappeared there under mysterious circumstances. Some people have proposed strange explanations. They blame aliens, giant sea monsters, or portals to another dimension. However, scientists and experts offer more logical explanations. They point out that this area has very bad weather, including many hurricanes. The ocean floor in this region is also very deep, making it hard to find any wreckage. Furthermore, many of the stories of disappearances have been exaggerated or are not accurate. While the mystery is fun to think about, the reality is likely less supernatural.

Vocabulary

- **region** 지역, 지방
- **mystery** 미스터리, 수수께끼
- **disappear** 사라지다
- **exaggerate** 과장하다
- **reality** 현실, 실제
- **supernatural** 초자연적인

59-1 What is the Bermuda Triangle famous for?

① Its beautiful beaches

② The mysterious disappearances of ships and planes

③ Its calm and safe weather

④ Its unique sea animals

⑤ A portal to another dimension

59-2 Which of the following is a logical explanation for the disappearances?

① Alien abductions

② Attacks by sea monsters

③ Bad weather like hurricanes

④ A secret government base

⑤ The ships and planes were invisible.

59-3 위 글에 따르면, 버뮤다 삼각지대에 대한 작가의 생각은 무엇인가?

① 외계인이나 괴물과 같은 초자연적인 현상이 원인일 것이다.

② 미스터리는 재미있지만, 실제 원인은 악천후 등 현실적인 이유일 가능성이 높다.

③ 버뮤다 삼각지대는 세상에서 가장 위험한 곳이므로 가서는 안 된다.

④ 사라진 배와 비행기에 대한 모든 이야기는 사실이다.

⑤ 버뮤다 삼각지대의 미스터리는 영원히 풀리지 않을 것이다.

[지문 60]

How to Make a Good First Impression

They say you never get a second chance to make a first impression. A first impression is the feeling or opinion someone forms about you when they meet you for the first time. It happens very quickly. So, how can you make a good one? First, smile. A genuine smile makes you look friendly and approachable. Second, make eye contact. It shows that you are confident and paying attention. Third, have good posture. Stand up straight and don't slouch. It makes you look more self-assured. Finally, be a good listener. Ask questions and show interest in the other person. People appreciate it when you listen to them. These simple things can help you start any new relationship on a positive note.

Vocabulary

- **impression** 인상
- **genuine** 진짜의, 진실한
- **approachable** 다가가기 쉬운, 친근한
- **posture** 자세
- **slouch** 구부정하게 서다/앉다

60-1 What is a "first impression"?

① The last thing you remember about someone

② A detailed report about a person

③ The feeling someone forms about you when they first meet you

④ A test you have to pass to make a friend

⑤ A gift you give to a new person

60-2 Which is NOT a tip for making a good first impression mentioned in the passage?

① Smile

② Make eye contact

③ Talk a lot about yourself

④ Have good posture

⑤ Be a good listener

60-3 위 글에서 좋은 자세를 취하는 것이 왜 중요하다고 말하는가?

① 키가 더 커 보이기 때문에

② 더 자신감 있어 보이기 때문에

③ 다른 사람을 존중하는 것처럼 보이기 때문에

④ 옷이 더 잘 어울려 보이기 때문에

⑤ 더 똑똑해 보이기 때문에

[지문 61]

The Trojan Horse

The story of the Trojan Horse comes from the ancient Greek legend of the Trojan War. The Greeks had been fighting the city of Troy for ten years, but they could not break through its strong walls. So, the clever Greek hero Odysseus came up with a plan. The Greeks built a giant wooden horse and left it outside the gates of Troy. The Trojans thought it was a victory gift from the gods and pulled it into their city. They celebrated all night. But the horse was not empty. It was filled with Greek soldiers. That night, while the Trojans were asleep, the soldiers climbed out, opened the city gates for the rest of the Greek army, and conquered the city. The story is a famous symbol of using cleverness to defeat an enemy.

Vocabulary

- **legend** 전설
- **victory** 승리
- **celebrate** 축하하다, 기념하다
- **conquer** 정복하다
- **symbol** 상징

61-1 What was the Trojan Horse?

① A real horse that could talk

② A gift from the Trojans to the Greeks

③ A giant wooden horse filled with Greek soldiers

④ A statue of the Greek hero Odysseus

⑤ A new type of weapon

61-2 Why did the Greeks build the Trojan Horse?

① To show their respect for the Trojans

② To trick the Trojans and get inside their city

③ To use it as a boat to go home

④ To offer it as a sacrifice to the gods

⑤ To use it as a watchtower

61-3 위 글의 내용과 일치하지 않는 것은?

① 그리스인들은 10년 동안 트로이와 전쟁을 했다.

② 트로이인들은 목마를 승리의 선물이라고 생각했다.

③ 목마 안에는 아무도 없었다.

④ 그리스 병사들은 밤에 목마에서 나와 성문을 열었다.

⑤ 이 이야기는 지혜를 사용해 적을 이기는 것의 상징이다.

[지문 62]

The Importance of Water

Water is essential for all life on Earth. Our bodies are about 60% water. We need water to digest food, carry nutrients, and control our body temperature. You can survive for weeks without food, but only a few days without water. However, many people take water for granted. We use it for drinking, cooking, cleaning, and growing food. But fresh, clean water is a limited resource. In some parts of the world, people suffer from water shortages. We must learn to conserve water. Simple actions like turning off the tap while brushing your teeth, taking shorter showers, and fixing leaky faucets can save a lot of water. Every drop counts.

Vocabulary

- **digest** 소화하다
- **take for granted** ~을 당연하게 여기다
- **limited** 한정된, 제한된
- **shortage** 부족, 결핍
- **conserve** 아끼다, 보존하다
- **count** 중요하다, 가치가 있다

62-1 What is the main message of the passage?

① Water is a beautiful part of nature.

② Our bodies are mostly made of water.

③ Water is essential, and we must conserve it.

④ Many people in the world have enough water.

⑤ How to find clean water.

62-2 Which is NOT a way to conserve water mentioned in the passage?

① Taking shorter showers

② Fixing leaky faucets

③ Turning off the tap while brushing teeth

④ Drinking bottled water instead of tap water

⑤ Being mindful of water usage

62-3 위 글에 따르면, 우리 몸에서 물이 하는 역할이 아닌 것은?

① 음식 소화시키기

② 영양분 운반하기

③ 체온 조절하기

④ 뼈를 튼튼하게 만들기

⑤ 생명 유지에 필수적인 역할 하기

[지문 63]

A School Talent Show

Our school held a talent show last Friday. Many students showed off their unique talents. There were singers, dancers, magicians, and even a comedian. I decided to participate with my band. We have been practicing a rock song for months. When it was our turn to go on stage, my heart was pounding. The lights were so bright, and I could see hundreds of faces in the audience. I was the lead singer. I took a deep breath and started to sing. At first, I was nervous, but then I saw my friends cheering for me. I started to enjoy the moment. We played our song with all our energy. The audience clapped along to the music. Even though we didn't win the first prize, it was an amazing experience. The most important thing was sharing our passion with others.

Vocabulary

- **talent** 재능
- **comedian** 코미디언, 희극 배우
- **participate** 참가하다
- **pound** (심장이) 두근거리다
- **passion** 열정

63-1 What did the writer do in the talent show?

① He told jokes.

② He performed magic tricks.

③ He danced.

④ He sang in a band.

⑤ He played the piano.

63-2 How did the writer feel before going on stage?

① Calm and relaxed

② Bored and tired

③ Nervous and excited

④ Angry and upset

⑤ Confident and proud

63-3 이 글을 통해 글쓴이가 가장 중요하게 생각하는 것은 무엇인가?

① 장기자랑에서 1등 상을 타는 것

② 무대 위에서 실수하지 않는 것

③ 다른 사람들보다 더 뛰어난 재능을 보여주는 것

④ 자신의 열정을 다른 사람들과 나누는 것

⑤ 많은 관객들 앞에서 유명해지는 것

[지문 64]

The Amazing Octopus

The octopus is one of the most intelligent and fascinating creatures in the ocean. It has a soft body and eight long arms, called tentacles. Each tentacle is covered with suckers that can taste and touch. One of the octopus's most amazing abilities is its skill at camouflage. It can change its skin color and texture in an instant to blend in with its surroundings, like rocks or coral. This helps it hide from predators and ambush its prey. An octopus also has three hearts and blue blood. If it is in danger, it can squirt a cloud of black ink to confuse its enemy and make a quick escape. It is a true master of disguise and survival.

Vocabulary

- **tentacle** 촉수
- **sucker** 빨판
- **ability** 능력
- **camouflage** 위장
- **disguise** 변장, 위장

64-1 What is one of the octopus's most amazing abilities?

① Singing beautiful songs
② Changing its skin color and texture
③ Building nests with sand
④ Flying for a short distance
⑤ Talking to other fish

64-2 What does an octopus do when it is in danger?

① It plays dead.
② It squirts a cloud of black ink.
③ It bites its enemy with sharp teeth.
④ It hides inside its shell.
⑤ It swims faster than any other creature.

64-3 위 글의 내용과 일치하지 않는 것은?

① 문어는 부드러운 몸과 8개의 팔을 가졌다.
② 문어는 주변 환경에 맞춰 피부색을 바꿀 수 있다.
③ 문어는 심장이 한 개이고 피는 붉은색이다.
④ 문어의 팔에는 맛을 보고 만질 수 있는 빨판이 있다.
⑤ 문어는 위장과 생존의 대가이다.

[지문 65]

A Pen Pal from Another Country

My English teacher suggested that we find a pen pal to practice our English. A pen pal is someone you write letters to regularly, often someone who lives far away. I was matched with a boy named Leo from Australia. I wrote my first letter, telling him about my school, my family, and my hobbies. A few weeks later, I received a letter back from him. He told me about his life in Sydney. He loves surfing and has a pet koala living in his backyard (just kidding, he said koalas are wild animals). We have been writing to each other for six months now. We share photos and small gifts. It's so interesting to learn about a different culture and life. Having a pen pal has not only improved my English but also given me a new friend from the other side of the world.

Vocabulary

- **pen pal** 펜팔 친구
- **regularly** 정기적으로
- **receive** 받다
- **backyard** 뒷마당
- **culture** 문화

65-1 What is a pen pal?

① A friend who lives next door

② A person you write letters to regularly

③ A character in a book

④ A type of pen used for writing letters

⑤ A teacher who teaches English

65-2 Where is the writer's pen pal from?

① America

② England

③ Canada

④ Australia

⑤ New Zealand

65-3 펜팔을 통해 글쓴이가 얻은 것이 아닌 것은?

① 영어 실력 향상

② 다른 문화에 대한 이해

③ 세상 반대편에 있는 새로운 친구

④ 호주로 여행 갈 수 있는 기회

⑤ 편지와 사진을 통한 즐거운 교류

[지문 66]

The Invention of the Telephone

Before the telephone was invented, long-distance communication was slow. People had to send letters, which could take weeks or months to arrive. Or they used the telegraph, which could only send messages in code. This all changed thanks to an inventor named Alexander Graham Bell. Bell was working on a way to send human voice over wires. On March 10, 1876, he made the first successful telephone call. He was in one room, and his assistant, Thomas Watson, was in another. Bell spoke into the device, "Mr. Watson, come here. I want to see you." Watson heard the words clearly. This invention completely changed the world. It made communication faster and brought people closer together.

Vocabulary

- **communication** 의사소통, 통신
- **telegraph** 전신기
- **inventor** 발명가
- **assistant** 조수, 보조원
- **device** 장치
- **invention** 발명, 발명품

66-1 Who is credited with inventing the telephone?

① Thomas Edison

② Thomas Watson

③ Alexander Graham Bell

④ Samuel Morse

⑤ The Wright brothers

66-2 What were the first words spoken on the telephone?

① "Hello, can you hear me?"

② "This is a great invention."

③ "Mr. Watson, come here. I want to see you."

④ "One small step for man."

⑤ "What hath God wrought?"

66-3 전화기가 발명되기 전, 사람들이 장거리 소통을 위해 사용했던 방법은?

① 이메일과 문자 메시지

② 편지와 전보

③ 비둘기를 이용한 통신

④ 소리를 질러서 전달하기

⑤ 스마트폰 앱

[지문 67]

A Day at the Amusement Park

Last Saturday, my friends and I went to an amusement park. I love the thrill of roller coasters. The first ride we went on was the "Mega Drop." It takes you high up into the sky and then suddenly drops you. I screamed my head off, but it was so much fun. After that, we rode a looping roller coaster and got dizzy. We also enjoyed some classic rides like the Ferris wheel and the bumper cars. From the top of the Ferris wheel, we could see the entire park. It was a beautiful sight. We ate cotton candy and popcorn. The day went by so fast. We left the park feeling tired but extremely happy. It was a perfect day to forget about school and just have fun.

Vocabulary

- **amusement park** 놀이공원
- **thrill** 스릴, 흥분
- **scream** 소리 지르다
- **dizzy** 어지러운
- **classic** 고전적인, 전형적인

67-1 What is the writer's favorite thing about amusement parks?

① The food
② The parades
③ The thrill of roller coasters
④ The water rides
⑤ The souvenir shops

67-2 Which ride gave the writer a beautiful view of the entire park?

① The roller coaster
② The Mega Drop
③ The bumper cars
④ The Ferris wheel
⑤ The haunted house

67-3 위 글에 나타난 글쓴이의 기분으로 가장 적절한 것은?

① calm and peaceful
② sad and disappointed
③ excited and happy
④ scared and worried
⑤ bored and sleepy

[지문 68]

The Problem of Plastic Pollution

Plastic is a very useful material. It's cheap, strong, and can be made into almost anything. Look around you. You will see plastic in your phone, your clothes, and your water bottle. However, our love for plastic has created a huge problem: pollution. Most plastic is not biodegradable, which means it does not break down naturally. It stays in the environment for hundreds of years. Plastic waste ends up in our oceans, harming marine animals. They can mistake plastic bags for food or get tangled in plastic rings. We need to reduce our use of plastic. We can use reusable bags, water bottles, and coffee cups. We must also recycle plastic properly. Every small action helps protect our planet.

Vocabulary

- **material** 재료, 물질
- **biodegradable** 생분해성의 (자연적으로 분해되는)
- **tangled** 얽힌
- **reduce** 줄이다
- **reusable** 재사용할 수 있는

68-1 What is the main problem with plastic mentioned in the passage?

① It is too expensive.

② It is not strong enough.

③ It is not biodegradable and causes pollution.

④ It is difficult to make.

⑤ There is not enough plastic in the world.

68-2 How does plastic waste harm marine animals?

① They like the taste of plastic.

② It makes the ocean water warmer.

③ They can mistake it for food or get tangled in it.

④ It makes it hard for them to see.

⑤ It cleans the ocean.

68-3 이 글에서 플라스틱 사용을 줄이기 위한 방법으로 제안되지 않은 것은?

① 재사용 가능한 가방 사용하기

② 재사용 가능한 물병 사용하기

③ 플라스틱을 올바르게 재활용하기

④ 플라스틱 제품을 전혀 사용하지 않기

⑤ 재사용 가능한 커피컵 사용하기

[지문 69]

A Total Mess

My parents went on a trip for the weekend, leaving me home alone for the first time. I was excited. I invited my best friend, Mark, over. We decided to bake a cake. But we are not good bakers. We spilled flour all over the kitchen floor. We cracked an egg, and it dripped down the side of the counter. The cake itself got burnt in the oven and filled the house with smoke. The kitchen was a total mess. We looked at each other and just started laughing. It was a disaster, but a funny one. We spent the next two hours cleaning everything up. We didn't get to eat any cake, but we definitely learned a lesson: follow the recipe carefully!

Vocabulary

- **spill** 엎지르다, 흘리다
- **drip** 뚝뚝 떨어지다
- **burnt** (불에) 탄
- **mess** 엉망, 뒤죽박죽
- **disaster** 재앙, 큰 실패
- **recipe** 요리법, 레시피

69-1 What did the writer and his friend try to do?

① Clean the house
② Watch a movie
③ Bake a cake
④ Do their homework
⑤ Fix the oven

69-2 Which of the following did NOT happen in the kitchen?

① Flour was spilled on the floor.
② An egg dripped down the counter.
③ The cake was burnt.
④ The fire alarm went off.
⑤ The house was filled with smoke.

69-3 이 경험을 통해 글쓴이가 배운 교훈은 무엇인가?

① 부모님 없이는 아무것도 할 수 없다.
② 케이크를 굽는 것은 매우 쉽다.
③ 요리법을 잘 따라야 한다.
④ 친구와는 함께 요리하면 안 된다.
⑤ 어지르는 것은 재미있다.

[지문 70]

The Five Senses

We experience the world through our five senses: sight, hearing, smell, taste, and touch. Our eyes give us the sense of sight, allowing us to see colors, shapes, and movements. Our ears give us the sense of hearing, letting us hear music, voices, and all the sounds around us. Our nose gives us the sense of smell, which can warn us of danger (like smoke) or bring us pleasure (like the smell of flowers). Our tongue gives us the sense of taste, so we can enjoy different flavors like sweet, sour, salty, and bitter. Our skin gives us the sense of touch, allowing us to feel textures like soft or rough, and temperatures like hot or cold. These five senses work together to give us a complete picture of the world.

Vocabulary

- **sense** 감각
- **sight** 시각
- **hearing** 청각
- **smell** 후각
- **taste** 미각
- **touch** 촉각

70-1 What is the main topic of the passage?

① The five senses and their functions

② The importance of the sense of sight

③ How our brain processes information

④ The different flavors we can taste

⑤ How to protect our senses

70-2 Which sense can warn us of danger like smoke?

① Sight

② Hearing

③ Smell

④ Taste

⑤ Touch

70-3 위 글의 내용과 일치하는 것을 고르시오.

① 우리는 세상을 여섯 가지 감각으로 경험한다.

② 귀는 우리에게 미각을 제공한다.

③ 피부는 우리에게 촉각을 느끼게 해준다.

④ 혀는 냄새를 맡는 역할을 한다.

⑤ 다섯 가지 감각은 각각 독립적으로 작용한다.

[지문 71]

The Art of Mime

A mime is a type of performer who tells a story without using words. They use body movements, gestures, and facial expressions to communicate their ideas and emotions. A famous mime act is pretending to be trapped in an invisible box. The mime uses their hands to show the walls of the box, creating the illusion for the audience. Mimes often wear white face paint to make their facial expressions clearer. They also typically wear black and white clothing to help the audience focus on their movements. Becoming a mime requires great physical control and imagination. It is a silent art form that can be both funny and touching.

Vocabulary

- **performer** 공연자, 연기자
- **invisible** 보이지 않는
- **illusion** 환상, 착각
- **typically** 보통, 일반적으로
- **imagination** 상상력

71-1 How does a mime tell a story?

① By singing songs

② By writing on a board

③ By using body movements and facial expressions

④ By using puppets

⑤ By speaking very softly

71-2 Why do mimes often wear white face paint?

① To look scary

② To make their facial expressions clearer

③ Because it is a tradition with no reason

④ To protect their skin from the sun

⑤ To look like a clown

71-3 위 글의 내용과 일치하지 않는 것은?

① 마임은 말을 사용하지 않고 이야기를 전달하는 공연자이다.

② 보이지 않는 상자 안에 갇힌 척하는 것은 유명한 마임 연기이다.

③ 마임 배우가 되려면 뛰어난 신체 조절 능력이 필요하다.

④ 마임은 항상 재미있기만 한 예술 형식이다.

⑤ 마임 배우는 보통 흑백 의상을 입는다.

[지문 72]

The Greenhouse Effect

The greenhouse effect is a natural process that warms the Earth's surface. When the sun's energy reaches the Earth, some of it is reflected back into space, and the rest is absorbed by the land and oceans. This absorbed energy is then released back as heat. Certain gases in the atmosphere, like carbon dioxide, trap some of this heat. They act like the glass walls of a greenhouse, keeping the Earth warm enough for us to live. This is the natural greenhouse effect, and it's a good thing. However, human activities, like burning fossil fuels (coal, oil, and gas), are releasing too much carbon dioxide into the atmosphere. This is making the greenhouse effect stronger and causing the Earth's temperature to rise. This is often called global warming or climate change.

Vocabulary

- **reflect** 반사하다
- **absorb** 흡수하다
- **atmosphere** 대기
- **fossil fuels** 화석 연료
- **climate change** 기후 변화

72-1 What is the natural greenhouse effect?

① A process that cools the Earth

② A process where gases trap heat to keep the Earth warm

③ A type of house made of glass

④ A problem caused by too much rain

⑤ The changing of the seasons

72-2 How are humans making the greenhouse effect stronger?

① By planting more trees

② By using solar power

③ By releasing too much carbon dioxide from burning fossil fuels

④ By building more greenhouses

⑤ By reflecting more sunlight back to space

72-3 위 글에 따르면, '온실 효과'라는 이름이 붙은 이유는 무엇인가?

① 온실에서 처음 발견된 현상이라서

② 대기 중의 가스들이 온실의 유리벽처럼 열을 가두기 때문에

③ 주로 온실 작물에 영향을 미치기 때문에

④ 온실처럼 초록색으로 보이기 때문에

⑤ 과학자가 온실에서 살았기 때문에

[지문 73]

A School Field Day

Our school's field day was last Friday. It wasn't a typical sports day with races and competitions. Instead, the theme was "Cooperation and Fun." We were divided into mixed-grade teams. The first game was called "Human Knot." Our team had to stand in a circle, grab hands with two different people across from us, and then try to untangle ourselves without letting go. It was chaotic but hilarious. Another game was "Pass the Water," where we had to pass a cup of water over our heads using only our feet. We got completely wet but laughed so hard. There were no winners or losers, just teams working together and having a good time. It was a great way to build teamwork and make new friends from different grades.

Vocabulary

- **cooperation** 협동, 협력
- **untangle** (얽힌 것을) 풀다
- **chaotic** 혼돈스러운, 무질서한
- **hilarious** 아주 우스운, 재미있는
- **teamwork** 팀워크, 협동 작업

73-1 What was the main theme of the field day?

① Intense Competition
② Individual Achievement
③ Cooperation and Fun
④ Academic Excellence
⑤ Artistic Expression

73-2 Which game is NOT described in the passage?

① Human Knot
② Pass the Water
③ A three-legged race
④ A game where students got wet
⑤ A game that required untangling

73-3 이 운동회를 통해 글쓴이가 얻은 가장 큰 소득은 무엇인가?

① 달리기 실력 향상
② 1등을 해서 받은 상품
③ 다른 학년 학생들과 팀워크를 다지고 새로운 친구를 사귄 것
④ 선생님께 칭찬받은 것
⑤ 물에 젖지 않고 게임을 마친 것

[지문 74]

The Legend of Robin Hood

Robin Hood is a legendary hero from English folklore. The stories say he lived in Sherwood Forest with his group of followers, known as the "Merry Men." Robin Hood was an expert archer. He was famous for "robbing from the rich and giving to the poor." At that time, England was ruled by the cruel Prince John and his greedy sheriff of Nottingham. They taxed the poor people heavily. Robin Hood fought against this injustice. He was an outlaw, but he was a hero to the common people. Whether Robin Hood was a real historical figure or just a legend is still debated. But his story of fighting for justice and helping the needy has been popular for centuries.

Vocabulary

- **folklore** 민속, 민간 전승
- **archer** 궁수, 활 쏘는 사람
- **greedy** 탐욕스러운
- **tax** 세금을 부과하다
- **injustice** 불의, 부당함
- **outlaw** 무법자, 법의 보호를 받지 못하는 사람

74-1 What was Robin Hood famous for?

① Being the king of England

② Building Sherwood Forest

③ Robbing from the rich and giving to the poor

④ Being a cruel sheriff

⑤ Writing stories about heroes

74-2 Who were the "Merry Men"?

① The soldiers of Prince John

② The rich people of Nottingham

③ Robin Hood's group of followers

④ A group of famous archers

⑤ The poor people who received money

74-3 위 글의 내용과 일치하는 것을 고르시오.

① 로빈 후드는 역사적으로 실존했던 인물임이 확실하다.

② 로빈 후드는 활을 매우 잘 쏘았다.

③ 존 왕자는 가난한 사람들에게 매우 친절했다.

④ 로빈 후드는 부자들을 도와 가난한 사람들을 괴롭혔다.

⑤ 로빈 후드는 노팅엄의 보안관이었다.

[지문 75]

The Simple Joy of Baking Bread

There is something magical about baking your own bread. It starts with just four simple ingredients: flour, water, yeast, and salt. The process requires patience. You mix the ingredients to form a sticky dough. Then comes the most important part: kneading. You push, pull, and fold the dough until it becomes smooth and elastic. This develops the gluten, which gives the bread its structure. Then, you let the dough rest in a warm place. The yeast works its magic, making the dough rise to double its size. Finally, you bake it. The smell of freshly baked bread that fills the house is one of the best smells in the world. Taking a bite of a warm slice of bread that you made with your own hands is a simple but profound joy.

Vocabulary

- **ingredient** 재료, 성분
- **patience** 인내심
- **dough** 밀가루 반죽
- **knead** (반죽을) 이기다, 주무르다
- **profound** 깊은, 심오한

75-1 What are the four main ingredients for baking bread mentioned in the passage?

① Flour, water, sugar, and butter

② Flour, water, yeast, and salt

③ Flour, milk, eggs, and sugar

④ Flour, yeast, salt, and oil

⑤ Water, yeast, salt, and sugar

75-2 What is the purpose of kneading the dough?

① To make the dough smaller

② To add more flavor

③ To develop the gluten and make the dough smooth

④ To cool down the dough

⑤ To mix in the yeast

75-3 이 글에서 빵을 굽는 과정이 '마법 같다'고 표현된 이유는 무엇인가?

① 빵이 오븐 안에서 저절로 부풀기 때문에

② 간단한 재료들이 인내와 과정을 거쳐 맛있는 빵으로 변신하기 때문에

③ 빵을 굽는 데 특별한 도구가 필요 없기 때문에

④ 빵 굽는 냄새가 사람들을 행복하게 만들기 때문에

⑤ 빵을 만드는 데 시간이 거의 걸리지 않기 때문에

[지문 76]

The International Space Station (ISS)

The International Space Station (ISS) is a large spacecraft that orbits the Earth. It is a home and a science laboratory for astronauts from many different countries. The ISS was built as a collaborative project among five space agencies: from the USA, Russia, Japan, Europe, and Canada. It is a symbol of international cooperation. Life on the ISS is very different from life on Earth. Because of microgravity, astronauts float instead of walk. They have to strap themselves down to sleep. Eating is also tricky; food has to be specially packaged. Astronauts on the ISS conduct important experiments in fields like biology, physics, and medicine. What they learn helps us understand more about space and can also have benefits for us here on Earth.

Vocabulary

- **orbit** ~의 궤도를 돌다
- **laboratory** 실험실
- **astronaut** 우주비행사
- **collaborative** 협력적인, 공동의
- **cooperation** 협력, 협동
- **conduct** 수행하다

76-1 What is the International Space Station?

① A planet where humans can live
② A spacecraft that travels to Mars
③ A space laboratory and home for astronauts that orbits Earth
④ A powerful telescope in space
⑤ A rocket used for launching satellites

76-2 Why do astronauts on the ISS float?

① The air is very thin.
② There is no floor.
③ Because of microgravity.
④ They wear special floating suits.
⑤ It is part of their training.

76-3 위 글의 내용과 일치하지 않는 것은?

① ISS는 한 국가가 단독으로 만들었다.
② ISS는 국제 협력의 상징이다.
③ 우주비행사들은 ISS에서 과학 실험을 수행한다.
④ ISS에서의 생활은 지구에서의 생활과 매우 다르다.
⑤ 우주비행사들은 잠을 잘 때 몸을 묶어야 한다.

[지문 77]

The Power of Positive Thinking

Do you see the glass as half full or half empty? This question is often used to describe two different ways of thinking: optimism and pessimism. Optimists, who see the glass as half full, tend to focus on the good side of things. Pessimists, who see it as half empty, tend to focus on the bad side. Research shows that positive thinking can have a real impact on your life. Optimists are often healthier, less stressed, and more successful in achieving their goals. This is because a positive attitude helps you to be more resilient when you face challenges. It doesn't mean you should ignore problems. It means you should approach them with a hopeful and proactive mindset. Believing in yourself and your ability to succeed is the first step towards success.

Vocabulary

- **optimism** 낙관주의
- **pessimism** 비관주의
- **impact** 영향, 충격
- **attitude** 태도
- **resilient** 회복력 있는, 탄력 있는
- **proactive** 주도적인, 적극적인

77-1 What does it mean to see a glass as "half full"?

① To be thirsty

② To be a pessimist

③ To focus on the positive side of things

④ To want more water

⑤ To be realistic

77-2 According to the passage, what is a benefit of being an optimist?

① They never have any problems.

② They are often healthier and less stressed.

③ They can predict the future.

④ They are always happy.

⑤ They don't need to work hard.

77-3 이 글의 요지로 가장 적절한 것은?

① 긍정적인 사고는 삶에 좋은 영향을 미칠 수 있다.

② 비관적인 사람들은 성공할 수 없다.

③ 문제를 무시하는 것이 행복의 비결이다.

④ 물을 항상 반 이상 채워 마셔야 한다.

⑤ 성공은 오직 운에 달려 있다.

[지문 78]

A World Without Bees

Bees are small insects, but they play a huge role in our ecosystem. They are one of the most important pollinators. A pollinator is an animal that moves pollen from one plant to another, which helps the plants produce fruit and seeds. About one-third of the food we eat, including fruits like apples and strawberries, and vegetables like broccoli and cucumbers, depends on pollination by bees. Unfortunately, the world's bee population is in decline. This is due to problems like habitat loss, pesticide use, and climate change. A world without bees would mean a world with much less food. It would be a disaster for both nature and humans. We need to protect these tiny, hardworking creatures.

Vocabulary

- **ecosystem** 생태계
- **pollinator** 꽃가루 매개자
- **pollen** 꽃가루
- **population** 개체 수, 인구
- **decline** 감소, 하락
- **pesticide** 살충제, 농약

78-1 What is a "pollinator"?

① An animal that eats plants
② An animal that moves pollen between plants
③ A type of bee
④ A person who keeps bees
⑤ A type of fruit

78-2 Why are bees important for humans?

① They produce delicious honey.
② They are beautiful to look at.
③ They help produce a large portion of our food.
④ They keep other harmful insects away.
⑤ They are a symbol of hard work.

78-3 위 글에 따르면, 벌의 개체 수가 감소하는 원인이 아닌 것은?

① 서식지 감소
② 살충제 사용
③ 기후 변화
④ 너무 많은 꿀의 생산
⑤ 인간의 활동

[지문 79]

The Day I Got Lost

When I was eight, my family went to a large, crowded department store. I was holding my mom's hand, but I let go for just a second to look at a toy. When I looked back, she was gone. I looked around, but I couldn't see her anywhere. Panic set in. The store seemed huge and full of strangers. I started to cry. A kind store employee saw me. She knelt down and asked for my name and my mom's name. She spoke in a calm and gentle voice, which made me feel a little better. She took me to the customer service center and made an announcement over the speakers. A few minutes later, my mom came running. She hugged me so tightly. That day, I learned how important it is to stay close to my parents in a crowded place.

Vocabulary

- **department store** 백화점
- **panic** 극심한 공포, 공황
- **employee** 직원
- **announcement** 안내 방송, 발표

79-1 Why did the writer get lost?

① He ran away from his mom.

② He let go of his mom's hand to look at a toy.

③ His mom left him alone.

④ He fell asleep in the store.

⑤ He went to the wrong floor.

79-2 Who helped the writer find his mom?

① A police officer

② Another child

③ A kind store employee

④ His dad

⑤ He found her by himself.

79-3 이 경험을 통해 글쓴이가 배운 교훈으로 가장 적절한 것은?

① 백화점은 위험한 곳이다.

② 장난감을 사달라고 조르면 안 된다.

③ 모르는 사람을 절대 따라가면 안 된다.

④ 붐비는 장소에서는 부모님 곁에 꼭 붙어 있어야 한다.

⑤ 울면 문제가 해결된다.

[지문 80]

The Art of Listening

We often think that being a good conversationalist means being a good talker. But being a good listener is just as, if not more, important. True listening is not just waiting for your turn to speak. It's an active process. It means paying full attention to the other person. You should make eye contact and nod to show you are following along. Try to understand not just the words they are saying, but also the feelings behind them. Don't interrupt or start thinking about your reply while they are still talking. When you listen well, you make the other person feel respected and understood. This strengthens your relationships and helps you learn new things. It is a skill that can be improved with practice.

Vocabulary

- **conversationalist** 대화를 잘하는 사람
- **attention** 주의, 주목
- **interrupt** 방해하다, 끼어들다
- **reply** 대답, 응답
- **practice** 연습

80-1 What is the main idea of the passage?

① Being a good talker is the most important skill.

② The importance and techniques of being a good listener.

③ How to win an argument.

④ Why you should always make eye contact.

⑤ The difference between talking and speaking.

80-2 According to the passage, what should you NOT do when listening?

① Make eye contact

② Nod your head

③ Pay full attention

④ Interrupt the speaker

⑤ Try to understand their feelings

80-3 위 글에서 '진정한 듣기'란 무엇이라고 설명하는가?

① 말할 차례를 조용히 기다리는 것

② 상대방에게 온전히 집중하는 능동적인 과정

③ 상대방의 말에서 틀린 점을 찾아내는 것

④ 대화 중에 내 대답을 미리 생각하는 것

⑤ 고개를 계속 끄덕이는 것

[지문 81]

The Magic of Music

Music has a special power that can touch our hearts and souls. It can make us feel happy when we are sad, or calm when we are anxious. Music exists in every culture around the world, though it may sound very different from place to place. Scientists have discovered that listening to music can actually change our brain chemistry. It can release chemicals called endorphins, which make us feel good. Music can also help us remember things better. That's why many children learn the alphabet through songs. Playing a musical instrument is even more beneficial. It improves coordination between our hands and brain. It also teaches discipline and patience. Whether you are listening to classical music, pop songs, or traditional folk music, you are experiencing one of humanity's greatest gifts.

Vocabulary

- **anxious** 불안한
- **chemistry** 화학, 화학 작용
- **coordination** 조정, 협응
- **discipline** 규율, 훈련
- **folk music** 민속 음악

81-1 What is the main topic of the passage?

① Different types of musical instruments

② The power and benefits of music

③ How to become a professional musician

④ The history of classical music

⑤ Why children should learn songs

81-2 According to the passage, how does music affect our brain?

① It makes us smarter immediately.

② It can change our brain chemistry and release endorphins.

③ It helps us speak foreign languages.

④ It makes our brain smaller.

⑤ It has no effect on the brain.

81-3 위 글에서 언급된 악기 연주의 효과가 아닌 것은?

① 손과 뇌 사이의 협응력을 향상시킨다.

② 규율과 인내심을 가르쳐준다.

③ 키가 더 크게 자라도록 도와준다.

④ 기억력 향상에 도움이 된다.

⑤ 우리를 기분 좋게 만들어준다.

[지문 82]

The Story of Pizza

Pizza, now one of the world's most popular foods, has an interesting history. It started in Naples, Italy, in the 18th century. Poor people in Naples needed cheap, portable food that they could eat with their hands. They began putting tomatoes, oil, and garlic on flat bread. This was the first pizza. In 1889, a pizza maker named Raffaele Esposito created a special pizza for Queen Margherita of Italy. He used tomatoes, mozzarella cheese, and basil to represent the colors of the Italian flag: red, white, and green. This became known as Pizza Margherita. Italian immigrants brought pizza to America in the late 1800s. At first, only Italian Americans ate it. But after World War II, American soldiers who had been in Italy brought back a love for pizza. Soon, pizza became popular all over America and then the world.

Vocabulary

- **portable** 휴대할 수 있는
- **represent** 나타내다, 상징하다
- **immigrant** 이민자
- **soldier** 군인

82-1 Where and when did pizza originate?

① Naples, Italy in the 18th century
② Rome, Italy in the 19th century
③ New York, America in the 20th century
④ Paris, France in the 17th century
⑤ London, England in the 18th century

82-2 What made Pizza Margherita special?

① It was the most expensive pizza.
② It used ingredients representing the Italian flag colors.
③ It was the biggest pizza ever made.
④ It was made by the queen herself.
⑤ It was the first pizza with cheese.

82-3 위 글의 내용과 일치하는 것을 고르시오.

① 피자는 부유한 사람들을 위해 처음 만들어졌다.
② 미국 군인들이 2차 대전 후 피자에 대한 사랑을 가져왔다.
③ 피자는 처음부터 전 세계적으로 인기가 있었다.
④ 피자 마르게리타는 프랑스 국기를 상징한다.
⑤ 이탈리아 이민자들은 피자를 미국에 가져오지 않았다.

[지문 83]

My Grandmother's Garden

Every summer, I visit my grandmother who lives in the countryside. She has a beautiful garden behind her house. In her garden, she grows vegetables like tomatoes, carrots, and lettuce, and fruits like strawberries and apples. But my favorite part of her garden is the flower section. She has roses of different colors, sunflowers that grow taller than me, and lavender that smells wonderful. My grandmother taught me how to plant seeds and water them properly. She showed me how to recognize when vegetables are ready to be picked. We would wake up early in the morning to work in the garden together. She always said, "A garden teaches you patience and rewards you with beauty and food." Working in her garden has made me appreciate where our food comes from and how much care it takes to grow it.

Vocabulary

- **sunflower** 해바라기
- **lavender** 라벤더
- **recognize** 알아보다, 인식하다
- **patience** 인내심

83-1 What is the writer's favorite part of the grandmother's garden?

① The vegetable section
② The fruit trees
③ The flower section
④ The tool shed
⑤ The greenhouse

83-2 What did the grandmother teach the writer?

① How to cook vegetables
② How to plant seeds and recognize ripe vegetables
③ How to sell flowers
④ How to build a greenhouse
⑤ How to make flower arrangements

83-3 할머니가 "정원은 인내심을 가르치고 아름다움과 음식으로 보상해준다"라고 말한 의미는?

① 정원 가꾸기는 쉽고 즐거운 일이다.
② 정원에서 일하면 돈을 많이 벌 수 있다.
③ 정원 가꾸기는 시간과 노력이 필요하지만 그만한 가치가 있다.
④ 정원에서는 꽃만 키워야 한다.
⑤ 정원 일은 할머니만 할 수 있다.

[지문 84]

The Mystery of Dreams

Every night when you sleep, you enter a fascinating world: the world of dreams. Dreams are sequences of images, emotions, and thoughts that happen in your mind while you sleep. Scientists still don't fully understand why we dream, but they have some interesting theories. One theory suggests that dreams help our brain process and organize the information we learned during the day. Another theory says that dreams help us practice dealing with difficult situations. Most dreams occur during a sleep stage called REM (Rapid Eye Movement) sleep. During this time, your eyes move quickly, but your body is paralyzed to prevent you from acting out your dreams. Some people remember their dreams clearly, while others forget them as soon as they wake up. Dreams can be happy, scary, strange, or realistic. They remain one of the great mysteries of the human mind.

Vocabulary

- **sequence** 연속, 순서
- **organize** 정리하다, 조직하다
- **paralyzed** 마비된
- **prevent** 방지하다, 막다
- **mystery** 수수께끼, 신비

84-1 What are dreams?

① Real events that happen while we sleep

② Sequences of images, emotions, and thoughts during sleep

③ Messages from the future

④ Problems with our brain

⑤ Stories we create when we're awake

84-2 According to the passage, when do most dreams occur?

① When we first fall asleep

② During deep sleep

③ During REM sleep

④ Just before we wake up

⑤ Throughout the entire night

84-3 위 글의 내용과 일치하지 않는 것은?

① 꿈은 잠들 때 우리 마음속에서 일어나는 현상이다.

② 과학자들은 꿈의 모든 것을 완전히 이해하고 있다.

③ REM 수면 중에는 우리 몸이 마비된다.

④ 어떤 사람들은 꿈을 선명히 기억하고, 어떤 사람들은 바로 잊는다.

⑤ 꿈은 행복하거나 무섭거나 이상할 수 있다.

[지문 85]

The Helpful Robot

Last week, our science teacher brought a small robot to class. It was about the size of a basketball and had wheels instead of legs. The robot's name was Helper, and it could do many amazing things. It could navigate around the classroom without bumping into desks or students. It had cameras for eyes and could recognize faces. When the teacher asked it to find someone, it would roll over to that person and say hello. Helper could also carry light objects like books or pencils. The most impressive thing was that it could answer simple questions about science. When a student asked, "What is the largest planet?" Helper replied, "Jupiter is the largest planet in our solar system." The teacher explained that robots like Helper are becoming more common in hospitals, homes, and offices. They can help people with various tasks and make life easier.

Vocabulary

- **navigate** 길을 찾아가다, 항해하다
- **recognize** 인식하다, 알아보다
- **impressive** 인상적인
- **various** 다양한

85-1 What could Helper the robot NOT do?

① Navigate around the classroom
② Recognize faces
③ Cook dinner
④ Carry light objects
⑤ Answer simple questions

85-2 When asked about the largest planet, what did Helper answer?

① "Mars is the largest planet."
② "Earth is the largest planet."
③ "Jupiter is the largest planet in our solar system."
④ "I don't know."
⑤ "Saturn is the largest planet."

85-3 위 글에 따르면, 헬퍼 같은 로봇들이 어디에서 사용되고 있는가?

① 학교에서만
② 과학 실험실에서만
③ 병원, 가정, 사무실 등 다양한 곳에서
④ 우주 정거장에서만
⑤ 공장에서만

[지문 86]

The Importance of Recycling

Recycling is the process of turning used materials into new products. It's one of the most important things we can do to protect our environment. When we recycle, we reduce the amount of waste that goes to landfills. We also save natural resources like trees, water, and minerals. For example, recycling one ton of paper can save 17 trees, 7,000 gallons of water, and enough energy to power a home for six months. There are many things you can recycle: paper, plastic bottles, glass jars, aluminum cans, and old electronics. The recycling process usually involves collecting, sorting, and processing the materials. Then they are made into new products. However, recycling is only effective if people participate. We all need to do our part by separating our trash and putting recyclable items in the right bins.

Vocabulary

- **waste** 쓰레기, 폐기물
- **landfill** 매립지
- **collect** 수집하다
- **sort** 분류하다
- **process** 처리하다, 가공하다
- **participate** 참여하다

86-1 What is the main benefit of recycling mentioned in the passage?

① Making money from old items

② Protecting the environment and saving resources

③ Creating new jobs

④ Making trash bins look nicer

⑤ Reducing the size of homes

86-2 According to the passage, recycling one ton of paper can save:

① 17 trees and 7,000 gallons of water

② 10 trees and 5,000 gallons of water

③ 20 trees and 10,000 gallons of water

④ 17 trees but no water

⑤ 7,000 trees and 17 gallons of water

86-3 재활용이 효과적이 되기 위해 필요한 것은 무엇인가?

① 정부의 강력한 법규만 있으면 된다.

② 새로운 기술 개발만 하면 된다.

③ 사람들이 참여해서 쓰레기를 분리하고 올바른 곳에 버려야 한다.

④ 재활용 공장을 더 많이 지어야 한다.

⑤ 재활용 가능한 제품만 생산해야 한다.

[지문 87]

A Message from the Past

While cleaning out my grandfather's attic, I found an old wooden chest. Inside, there were yellowed photographs, old coins, and a bundle of letters tied with a faded ribbon. The letters were written in beautiful handwriting that looked very different from today's writing. As I read them, I realized they were love letters between my grandfather and grandmother from the 1950s. In the letters, my grandfather wrote about his daily life, his hopes for the future, and his deep love for my grandmother. He described going to the movies, dancing at local halls, and saving money to buy her an engagement ring. My grandmother's letters were equally touching. She wrote about waiting for his letters and how happy they made her feel. Reading these letters was like stepping back in time. It made me realize how precious written words can be and how they can preserve our most important memories.

Vocabulary

- **attic** 다락방
- **handwriting** 손글씨
- **engagement ring** 약혼 반지
- **precious** 소중한
- **preserve** 보존하다

87-1 Where did the writer find the old letters?

① In the basement
② In his grandfather's attic
③ In the garden
④ In the garage
⑤ In the library

87-2 What did the grandfather write about in his letters?

① His job and career plans
② His daily life, hopes, and love for grandmother
③ His travels around the world
④ His opinions about politics
⑤ His recipes for cooking

87-3 이 경험을 통해 글쓴이가 깨달은 것은 무엇인가?

① 옛날 사람들의 글씨가 더 아름답다는 것
② 편지가 이메일보다 배달이 느리다는 것
③ 손으로 쓴 글이 얼마나 소중하고 중요한 기억을 보존할 수 있는지
④ 1950년대가 지금보다 더 좋은 시대였다는 것
⑤ 사랑은 나이가 들면 변한다는 것

[지문 88]

The Amazing Journey of Monarch Butterflies

Every year, millions of monarch butterflies make one of nature's most incredible journeys. These delicate insects travel up to 3,000 miles from Canada and the United States to central Mexico. What makes this journey even more amazing is that the butterflies that start the trip are not the same ones that finish it. The journey takes multiple generations. The butterflies that begin the trip in the fall will mate and die along the way. Their children and grandchildren continue the journey. Even more mysterious is how they know where to go. Scientists believe they use the sun, magnetic fields, and even genetic memory to navigate. The butterflies that reach Mexico will spend the winter there, clustered together on trees to stay warm. In the spring, they begin the journey back north, but again, it takes several generations to complete the round trip.

Vocabulary

- **incredible** 믿을 수 없는, 놀라운
- **delicate** 연약한, 섬세한
- **multiple** 다수의, 여러 개의
- **mate** 짝짓기하다
- **navigate** 길을 찾아가다

88-1 How far do monarch butterflies travel during their migration?

① Up to 1,000 miles
② Up to 2,000 miles
③ Up to 3,000 miles
④ Up to 4,000 miles
⑤ Up to 5,000 miles

88-2 What is unusual about the monarch butterfly migration?

① It takes only one day to complete.
② The same butterflies that start the trip also finish it.
③ It takes multiple generations to complete the journey.
④ They travel alone, not in groups.
⑤ They only travel during the winter.

88-3 위 글에 따르면, 나비들이 길을 찾는 방법으로 언급되지 않은 것은?

① 태양
② 자기장
③ 유전적 기억
④ GPS 기술
⑤ 자연적인 능력

[지문 89]

The School Chess Club

I joined the school chess club three months ago, and it has been an amazing experience. Chess is often called "the game of kings" because it requires strategy, patience, and deep thinking. At first, I only knew the basic moves of each piece. The bishop moves diagonally, the rook moves in straight lines, and the knight moves in an L-shape. Our club teacher, Mr. Kim, taught us advanced strategies like controlling the center of the board and protecting our king. He also taught us famous openings like the "Queen's Gambit" and the "Sicilian Defense." What I love most about chess is that every game is different. You have to think several moves ahead and try to predict what your opponent will do. Playing chess has improved my concentration and problem-solving skills. It has also taught me that sometimes you have to sacrifice something small to gain something bigger.

Vocabulary

- **bishop** (체스의) 비숍
- **rook** (체스의) 룩
- **knight** (체스의) 나이트
- **opening** (체스의) 오프닝
- **problem-solving** 문제 해결

89-1 Why is chess called "the game of kings"?

① Because only kings were allowed to play it
② Because it requires strategy, patience, and deep thinking
③ Because the king is the most important piece
④ Because it was invented by a king
⑤ Because it is very expensive to play

89-2 Which chess piece moves in an L-shape?

① Bishop
② Rook
③ Knight
④ Queen
⑤ Pawn

89-3 체스를 통해 글쓴이가 배운 것이 아닌 것은?

① 집중력 향상
② 문제 해결 능력 향상
③ 몇 수 앞을 내다보는 능력
④ 작은 것을 희생해서 큰 것을 얻는 지혜
⑤ 상대방과 빨리 친해지는 방법

[지문 90]

The Science of Rainbows

A rainbow is one of nature's most beautiful phenomena. But do you know how rainbows form? It all starts with sunlight, which looks white but actually contains all the colors of the spectrum: red, orange, yellow, green, blue, indigo, and violet. When sunlight passes through water droplets in the air, something magical happens. The water acts like a tiny prism, splitting the white light into its component colors. This process is called refraction. For you to see a rainbow, the sun must be behind you and there must be water droplets in front of you. That's why rainbows often appear after it rains, when the sun comes out while there are still water droplets in the air. The colors always appear in the same order, with red on the outside and violet on the inside. Sometimes you can see a double rainbow, which happens when light is reflected twice inside the water droplets.

Vocabulary

- **phenomenon** 현상 (복수: phenomena)
- **spectrum** 스펙트럼, 빛의 띠
- **prism** 프리즘
- **refraction** 굴절
- **double rainbow** 이중 무지개

90-1 What causes a rainbow to form?

① Only sunlight

② Only rain

③ Sunlight passing through water droplets and splitting into colors

④ Reflection from the ground

⑤ Magic in the sky

90-2 What must be true for you to see a rainbow?

① The sun must be in front of you

② It must be nighttime

③ The sun must be behind you and there must be water droplets in front

④ There must be clouds everywhere

⑤ It must be winter

90-3 무지개의 색깔 순서에서 가장 바깥쪽과 가장 안쪽의 색은?

① 바깥쪽: 보라색, 안쪽: 빨간색

② 바깥쪽: 빨간색, 안쪽: 보라색

③ 바깥쪽: 파란색, 안쪽: 노란색

④ 바깥쪽: 초록색, 안쪽: 주황색

⑤ 바깥쪽: 노란색, 안쪽: 파란색

The Art of Origami

Origami, the Japanese art of paper folding, is much more than just a hobby. The word "origami" comes from two Japanese words: "ori" meaning "to fold" and "kami" meaning "paper." This ancient art form requires only one material: a square piece of paper. No scissors, glue, or tape are allowed. Despite this limitation, origami artists can create incredibly complex and beautiful sculptures. From simple cranes and flowers to detailed dragons and geometric shapes, the possibilities are endless. Origami teaches important life skills. It requires precision, patience, and the ability to follow detailed instructions. It also helps develop spatial reasoning and fine motor skills. Many schools now use origami in math classes because it helps students understand geometry and fractions. The meditative nature of folding paper can also reduce stress and improve focus. What starts as a flat piece of paper becomes a three-dimensional work of art through the magic of folding.

Vocabulary

- **material** 재료
- **complex** 복잡한
- **precision** 정확성, 정밀함
- **reasoning** 추론, 논리적 사고
- **meditative** 명상적인

91-1 What does the word "origami" mean?

① Paper cutting
② Paper folding
③ Paper painting
④ Paper tearing
⑤ Paper gluing

91-2 What materials are allowed in traditional origami?

① Paper, scissors, and glue
② Only a square piece of paper
③ Paper and tape
④ Colored paper and markers
⑤ Any kind of paper and tools

91-3 종이접기가 학교에서 수학 수업에 사용되는 이유는?

① 종이가 싸기 때문에
② 학생들이 기하학과 분수를 이해하는 데 도움이 되기 때문에
③ 교실을 조용하게 만들기 때문에
④ 예술 작품을 만들 수 있기 때문에
⑤ 종이를 아낄 수 있기 때문에

[지문 92]

A Day at the Science Museum

Last Saturday, my family visited the city science museum. It was much more exciting than I had expected. The museum had interactive exhibits where we could touch and experiment with different scientific concepts. In the physics section, I played with a giant pendulum and learned how it always swings back to the same height. The chemistry lab let visitors do safe experiments, like creating erupting volcanoes with baking soda and vinegar. My favorite part was the planetarium, where we watched a show about the solar system. The narrator explained how vast the universe is and showed us beautiful images of distant galaxies. We also visited the dinosaur hall, where a huge T-Rex skeleton stood in the center. The museum had many hands-on activities that made learning fun and memorable. I left the museum feeling inspired to learn more about science.

Vocabulary

- **exhibit** 전시물
- **pendulum** 진자, 추
- **erupt** 분출하다
- **narrator** 내레이터, 해설자
- **galaxy** 은하

92-1 What made the science museum special?

① It was very old

② It had interactive exhibits where visitors could experiment

③ It was free for everyone

④ It was the largest museum in the city

⑤ It only had dinosaur bones

92-2 What did the writer learn about the pendulum?

① It never stops swinging

② It always swings back to the same height

③ It can tell time

④ It is dangerous to touch

⑤ It was invented yesterday

92-3 글쓴이가 과학 박물관에서 가장 좋아한 곳은 어디였는가?

① 물리학 섹션

② 화학 실험실

③ 천체 투영관

④ 공룡 전시관

⑤ 선물 가게

[지문 93]

The Power of Kindness

Small acts of kindness can make a big difference in someone's day. Last week, I witnessed a beautiful example of this. I was waiting for the bus when I saw an elderly woman struggling with heavy grocery bags. She looked tired and was having difficulty managing all the bags. A young man nearby noticed her situation. Without hesitation, he approached her and offered to help. "Let me carry those for you," he said with a warm smile. The woman's face lit up with gratitude. "Thank you so much, dear," she replied. The young man carried her bags to the bus stop and even helped her get on the bus. The entire interaction took only a few minutes, but the impact was tremendous. The woman seemed much happier, and other people at the bus stop were smiling too. It reminded me that kindness is contagious – when we see someone being kind, it inspires us to be kind as well.

Vocabulary

- **manage** 처리하다, 다루다
- **hesitation** 주저함, 망설임
- **gratitude** 감사함
- **tremendous** 엄청난, 거대한
- **contagious** 전염성이 있는

93-1 What problem did the elderly woman have?

① She was lost and couldn't find her way

② She was struggling with heavy grocery bags

③ She missed her bus

④ She lost her wallet

⑤ She felt sick

93-2 How did the young man help the elderly woman?

① He gave her money for a taxi

② He called her family

③ He carried her bags and helped her get on the bus

④ He bought her groceries

⑤ He gave her directions

93-3 이 글에서 말하는 친절함의 '전염성'이란 무엇을 의미하는가?

① 친절함이 질병처럼 퍼진다는 뜻

② 친절한 행동을 보면 다른 사람들도 친절해지고 싶어진다는 뜻

③ 친절함은 위험하다는 뜻

④ 친절함은 가끔만 해야 한다는 뜻

⑤ 친절함은 돈으로 살 수 있다는 뜻

[지문 94]

The History of the Olympic Games

The Olympic Games have a long and fascinating history that dates back to ancient Greece. The first ancient Olympics were held in Olympia, Greece, in 776 BC. These games were held every four years for nearly 12 centuries. The ancient Olympics were quite different from today's games. Only men could compete, and they often competed naked. The games included events like running, wrestling, boxing, and chariot racing. The Olympics were so important that all wars stopped during the games, a period called the "Olympic Truce." The ancient Olympics ended around 400 AD when the Roman Emperor banned them. The modern Olympics began in 1896 when a French educator named Pierre de Coubertin revived the games. He believed that sports could promote peace and understanding between nations. Today, the Olympics include both Summer and Winter games, and athletes from all over the world participate.

Vocabulary

- **ancient** 고대의
- **compete** 경쟁하다, 출전하다
- **naked** 벌거벗은
- **educator** 교육자
- **revive** 되살리다, 부활시키다

94-1 When and where were the first ancient Olympics held?

① Athens, Greece in 776 BC
② Olympia, Greece in 776 BC
③ Rome, Italy in 776 BC
④ Sparta, Greece in 776 BC
⑤ Troy, Greece in 776 BC

94-2 What was the "Olympic Truce"?

① A special event in the games
② A period when all wars stopped during the Olympics
③ The prize given to winners
④ The oath taken by athletes
⑤ The opening ceremony

94-3 고대 올림픽과 현대 올림픽의 차이점이 아닌 것은?

① 고대에는 남성만 참가할 수 있었다
② 고대에는 선수들이 벌거벗고 경기했다
③ 고대에는 4년마다 열렸다
④ 고대에는 겨울 경기가 없었다
⑤ 고대에는 전 세계에서 선수들이 참가했다

[지문 95]

My First Job Interview

Last month, I applied for a part-time job at a local bookstore. When they called me for an interview, I was both excited and nervous. I had never been to a job interview before. My mom helped me prepare by practicing common interview questions. She told me to dress professionally and arrive early. On the day of the interview, I put on my best shirt and pants and arrived 15 minutes early. The manager, Ms. Lee, was very friendly. She asked me about my experience with books and why I wanted to work there. I explained that I love reading and that I thought working in a bookstore would be perfect for me. She also asked about my availability and whether I could work weekends. The interview lasted about 20 minutes. At the end, Ms. Lee said she would call me in a few days with her decision. Three days later, I got the call – I got the job! I was thrilled and couldn't wait to start working.

Vocabulary

- **professionally** 전문적으로
- **manager** 매니저, 관리자
- **experience** 경험
- **availability** 가능한 시간, 여유

95-1 How did the writer prepare for the interview?

① He read books about interviews
② His mother helped him practice interview questions
③ He watched videos online
④ He asked his friends for advice
⑤ He didn't prepare at all

95-2 What questions did the manager ask during the interview?

① About his family and hobbies
② About his experience with books and his availability
③ About his grades in school
④ About his future career plans
⑤ About his salary expectations

95-3 면접에서 글쓴이가 서점에서 일하고 싶은 이유로 말한 것은?

① 돈을 많이 벌 수 있을 것 같아서
② 집에서 가까워서
③ 책을 좋아하고 서점에서 일하는 것이 완벽할 것 같아서
④ 친구가 추천해서
⑤ 다른 일자리가 없어서

[지문 96]

The Mystery of Sleep

We spend about one-third of our lives sleeping, yet sleep remains one of the greatest mysteries of human existence. While we sleep, our bodies may look inactive, but our brains are actually very busy. Sleep occurs in different stages, each serving important functions. During deep sleep, our bodies repair tissues and strengthen our immune system. During REM (Rapid Eye Movement) sleep, our brains process memories and emotions. Scientists have discovered that lack of sleep can have serious consequences. People who don't get enough sleep have trouble concentrating, making decisions, and controlling their emotions. Chronic sleep deprivation can even lead to health problems like obesity, diabetes, and heart disease. Different people need different amounts of sleep, but most adults need 7-9 hours per night. Creating a good sleep routine, such as going to bed at the same time each night and avoiding screens before bedtime, can help improve sleep quality.

Vocabulary

- **mystery** 수수께끼, 신비
- **inactive** 비활성의, 움직이지 않는
- **stage** 단계, 단계
- **immune system** 면역 체계
- **consequence** 결과, 영향
- **deprivation** 부족, 결핍

96-1 What happens to our brain while we sleep?

① It becomes completely inactive

② It becomes very busy processing memories and repairing the body

③ It stops working entirely

④ It only dreams

⑤ It shrinks in size

96-2 What are some consequences of not getting enough sleep?

① Better concentration and decision-making

② Improved emotional control

③ Trouble concentrating, making decisions, and controlling emotions

④ Increased energy levels

⑤ Better health overall

96-3 좋은 수면 습관으로 언급된 것은?

① 매일 다른 시간에 잠자리에 들기

② 잠자기 전에 스크린 보기

③ 매일 같은 시간에 잠자리에 들고 잠자기 전 스크린 피하기

④ 가능한 한 적게 자기

⑤ 낮에 많이 자기

[지문 97]

The Story of Chocolate Chip Cookies

One of America's favorite treats, the chocolate chip cookie, was actually invented by accident. In 1938, Ruth Wakefield was running the Toll House Inn in Massachusetts. She was preparing chocolate cookies for her guests when she realized she was out of baker's chocolate. Instead, she broke up a bar of semi-sweet chocolate and added the pieces to her cookie dough, expecting them to melt and create chocolate cookies. However, the chocolate pieces held their shape, creating the world's first chocolate chip cookies. The guests loved them so much that Ruth began serving them regularly. Word spread about these amazing cookies, and soon people were asking for the recipe. Ruth eventually sold the recipe to Nestlé chocolate company in exchange for a lifetime supply of chocolate. The Toll House Chocolate Chip Cookie became so popular that it is now considered an American classic. Today, billions of chocolate chip cookies are eaten around the world every year.

Vocabulary

- **accident** 우연, 사고
- **baker's chocolate** 제빵용 초콜릿
- **semi-sweet** 세미 스위트의 (약간 단)
- **dough** 반죽
- **eventually** 결국, 마침내

97-1 How were chocolate chip cookies invented?

① Ruth Wakefield planned to create them

② They were invented by a famous chef

③ Ruth accidentally created them when she ran out of baker's chocolate

④ A chocolate company invented them

⑤ They were brought from Europe

97-2 What did Ruth Wakefield expect to happen when she added chocolate pieces?

① She expected them to stay in pieces

② She expected them to melt and create chocolate cookies

③ She expected them to disappear

④ She expected them to change color

⑤ She expected nothing special

97-3 루스 웨이크필드가 네슬레 회사와 한 거래는 무엇이었는가?

① 돈을 받고 레시피를 팔았다

② 평생 초콜릿을 공급받는 조건으로 레시피를 팔았다

③ 레시피를 공짜로 주었다

④ 네슬레와 공동으로 사업을 시작했다

⑤ 네슬레에서 일하기 시작했다

[지문 98]

The Magic of Libraries

Libraries are much more than just buildings filled with books. They are gateways to knowledge, imagination, and community. In ancient times, libraries were only for the wealthy and scholars. The famous Library of Alexandria in Egypt was one of the largest libraries in the ancient world. Today, public libraries serve everyone in the community. Modern libraries offer much more than books. You can borrow DVDs, use computers, attend workshops, and participate in reading programs. Many libraries have makerspaces where people can use 3D printers, learn coding, or work on craft projects. Libraries also serve as community centers where people can meet, study, and attend cultural events. For many people, libraries provide free access to information and technology that they might not otherwise have. The librarians are trained to help you find exactly what you need, whether it's a specific book, research information, or guidance on using technology. In our digital age, libraries continue to evolve and remain vital community resources.

Vocabulary

- **gateway** 관문, 입구
- **scholar** 학자
- **workshop** 워크숍, 강습회
- **makerspace** 메이커스페이스 (창작 공간)
- **librarian** 사서
- **evolve** 발전하다, 진화하다

98-1 How have libraries changed from ancient times to today?

① They have become smaller

② They were only for wealthy people and scholars, but now serve everyone

③ They only contain books now

④ They are less important now

⑤ They are exactly the same

98-2 What services do modern libraries offer besides books?

① Only computer access

② DVDs, computers, workshops, makerspaces, and community events

③ Only reading programs

④ Just a quiet place to study

⑤ Only internet access

98-3 현대 도서관이 지역 사회에서 중요한 이유로 언급되지 않은 것은?

① 무료로 정보와 기술에 접근할 수 있게 해준다

② 지역 사회 센터 역할을 한다

③ 다양한 문화 행사를 제공한다

④ 최신 영화를 무료로 상영해준다

⑤ 전문 사서가 도움을 제공한다

[지문 99]

Learning a Foreign Language

Learning a foreign language is one of the most rewarding challenges you can take on. When I started learning Spanish two years ago, I thought it would be impossible. The grammar seemed complicated, and the pronunciation was difficult. However, my teacher gave me some helpful advice. She said, "Don't be afraid to make mistakes. Mistakes are how we learn." She encouraged me to practice speaking with classmates, even if I wasn't perfect. I also started watching Spanish movies with subtitles and listening to Spanish music. Gradually, I began to understand more and more. Now, I can have simple conversations in Spanish, and I'm planning to visit Mexico next summer to practice with native speakers. Learning Spanish has opened up a new world for me. I can communicate with millions more people, understand different cultures better, and it even looks good on college applications. Most importantly, it has given me confidence that I can learn anything if I put my mind to it.

Vocabulary

- **rewarding** 보람 있는
- **challenge** 도전
- **grammar** 문법
- **pronunciation** 발음
- **subtitle** 자막

99-1 What was the teacher's advice about learning a foreign language?

① Study grammar rules all the time
② Don't be afraid to make mistakes
③ Only speak when you're perfect
④ Don't talk to other students
⑤ Focus only on reading

99-2 How did the writer practice Spanish outside of class?

① Only by reading textbooks
② By watching Spanish movies and listening to music
③ By traveling to Spain immediately
④ By taking more classes
⑤ By avoiding all practice

99-3 외국어 학습을 통해 글쓴이가 얻은 것이 아닌 것은?

① 더 많은 사람들과 소통할 수 있는 능력
② 다른 문화에 대한 이해
③ 대학 입학에 도움이 되는 요소
④ 무엇이든 배울 수 있다는 자신감
⑤ 완벽한 스페인어 실력

[지문 100]

The End of Summer

As I sit by my bedroom window watching the leaves begin to change colors, I realize that summer is coming to an end. It feels like just yesterday that school finished and the long, sunny days of vacation began. This summer was filled with so many memorable experiences. I went camping with my family, learned to swim, read five novels, and made new friends at summer camp. I also accomplished something I never thought I could do – I learned to ride a bicycle without training wheels. My dad spent hours running alongside me in the park until I finally got the hang of it. Now, as September approaches, I have mixed feelings. I'm sad to see the warm weather and freedom of summer go, but I'm also excited about starting a new school year. I'll be in a new grade with new teachers and new subjects to learn. I'm curious about what challenges and adventures await me. Summer taught me that time passes quickly, so it's important to appreciate every moment and try new things. I'm grateful for all the wonderful memories I made.

Vocabulary

- **memorable** 기억에 남는
- **accomplish** 성취하다
- **curious** 궁금한, 호기심 있는
- **adventure** 모험
- **appreciate** 감사하다, 소중히 여기다

100-1 What new skill did the writer learn this summer?

① How to swim

② How to ride a bicycle without training wheels

③ How to read novels

④ How to make friends

⑤ How to change colors

100-2 How does the writer feel about the new school year?

① Only excited

② Only sad

③ Mixed feelings – sad about summer ending but excited about new challenges

④ Worried and scared

⑤ Indifferent

100-3 이 여름을 통해 글쓴이가 배운 인생의 교훈은 무엇인가?

① 여름이 가장 좋은 계절이다

② 시간이 빨리 지나가므로 매 순간을 소중히 여기고 새로운 것에 도전해야 한다

③ 자전거 타기는 어렵다

④ 학교는 재미없다

⑤ 부모님의 도움 없이는 아무것도 할 수 없다

[지문 1]

The Benefits of Urban Green Spaces

Urban green spaces, such as parks, gardens, and tree-lined streets, play a crucial role in improving the quality of life in cities. Research has shown that these green areas provide numerous environmental benefits. They help reduce air pollution by absorbing harmful gases and releasing oxygen. Green spaces also help control the temperature in cities by providing shade and cooling the air through a process called evapotranspiration. Additionally, they manage stormwater by allowing rainwater to soak into the ground instead of flowing into storm drains. Beyond environmental benefits, green spaces significantly impact human health and well-being. Studies indicate that people who live near parks and gardens experience lower levels of stress and anxiety. The presence of nature in urban areas encourages physical activity, such as walking, jogging, and cycling. Furthermore, green spaces provide opportunities for social interaction and community building, which strengthens neighborhood bonds.

Vocabulary

- **environmental** 환경의
- **absorb** 흡수하다
- **cooling** 냉각, 식히기
- **soak** 스며들다, 흡수되다

1 다음 글의 주제로 가장 적절한 것은?

① The history of urban planning and development

② The challenges of maintaining parks in cities

③ The various benefits of green spaces in urban areas

④ The cost of creating gardens in city centers

⑤ The difference between rural and urban environments

[지문 2]

Sleep and Academic Performance

The relationship between sleep and academic performance has been extensively studied by researchers worldwide. Adequate sleep is essential for cognitive functions such as memory consolidation, attention, and problem-solving abilities. During sleep, the brain processes and organizes information learned during the day, making it easier to retrieve this information later. Students who get sufficient sleep typically show better concentration in class and improved performance on tests and assignments. Conversely, sleep deprivation can lead to decreased attention span, difficulty focusing, and poor decision-making skills. Research has found that teenagers need approximately 8-10 hours of sleep per night for optimal functioning. However, many students fail to meet this requirement due to heavy academic workloads, extracurricular activities, and electronic device usage before bedtime. Schools and parents must work together to promote healthy sleep habits among students to enhance their academic success.

Vocabulary

- **researcher** 연구자
- **cognitive** 인지의, 인식의
- **retrieve** 회수하다, 되찾다
- **deprivation** 부족, 결핍

2 다음 글의 요지로 가장 적절한 것은?

① 수면 시간이 학업 성과에 미치는 중요한 영향

② 청소년들의 전자기기 사용 문제

③ 학교와 부모의 협력 방안

④ 기억력 향상을 위한 학습 방법

⑤ 숙제와 과외활동의 균형 맞추기

[지문 3]

The Science Behind Recycling Plastic

Plastic recycling is a complex process that involves several scientific principles and technologies. The first step is sorting different types of plastic, as each type has unique chemical properties that require specific recycling methods. The most commonly recycled plastics include PET (used in water bottles) and HDPE (used in milk jugs). After sorting, the plastics are cleaned to remove labels, adhesives, and contaminants. The clean plastic is then shredded into small flakes and melted down to form pellets. These pellets can be used to manufacture new products, reducing the need for virgin plastic production. However, plastic recycling faces significant challenges. Each time plastic is recycled, its quality degrades slightly, limiting the number of times it can be reprocessed. Additionally, some plastic products contain additives that make recycling difficult or impossible. Despite these limitations, recycling remains crucial for reducing plastic waste and protecting the environment.

Vocabulary

- **process** 과정, 공정
- **sorting** 분류
- **contaminant** 오염물질
- **shred** 잘게 자르다, 파쇄하다
- **degrade** 저하되다, 악화되다

3 다음 글의 제목으로 가장 적절한 것은?

① "Why Plastic Recycling Often Fails"

② "The Process and Challenges of Plastic Recycling"

③ "How to Sort Plastic Waste at Home"

④ "The Environmental Impact of Virgin Plastic"

⑤ "New Technologies in Plastic Manufacturing"

[지문 4]

The Impact of Social Media on Teenage Communication

Social media platforms have fundamentally changed the way teenagers communicate and interact with each other. Traditional face-to-face conversations have been increasingly replaced by digital interactions through messaging apps, social networks, and video calls. Research indicates that while social media allows teenagers to maintain connections with friends and family across distances, it also presents certain challenges. Studies show that heavy social media use can lead to reduced empathy and difficulty in reading nonverbal cues, such as facial expressions and body language. Additionally, the constant availability of digital communication can create pressure to respond immediately to messages, leading to anxiety and stress. However, social media also provides platforms for creative expression and enables teenagers to find communities with shared interests. Mental health experts suggest that balanced usage, combined with regular in-person interactions, is key to maintaining healthy communication skills during the teenage years.

Vocabulary

- **communicate** 의사소통하다
- **interaction** 상호작용
- **empathy** 공감 능력
- **nonverbal** 비언어적인

4 다음 글의 주제로 가장 적절한 것은?

① The advantages of traditional communication methods

② The effects of social media on how teenagers communicate

③ The history of social networking platforms

④ The importance of face-to-face conversations

⑤ The role of parents in monitoring social media use

[지문 5]

Photosynthesis and Climate Change

Photosynthesis, the process by which plants convert sunlight into energy, plays a critical role in regulating Earth's climate. During photosynthesis, plants absorb carbon dioxide from the atmosphere and release oxygen, helping to maintain the balance of gases in our atmosphere. This natural process acts as a carbon sink, removing significant amounts of carbon dioxide that would otherwise contribute to global warming. Forests, especially tropical rainforests, are particularly effective at sequestering carbon due to their large biomass and rapid growth rates. However, climate change is affecting photosynthesis in complex ways. Rising temperatures can increase the rate of photosynthesis in some plants, but extreme heat can also inhibit the process. Additionally, changes in precipitation patterns and increased frequency of droughts can stress plants and reduce their ability to photosynthesize effectively. Scientists are studying these interactions to better understand how climate change and photosynthesis influence each other in what is known as a feedback loop.

Vocabulary

- **regulate** 조절하다
- **carbon sink** 탄소 흡수원
- **sequester** 격리하다, 흡수하다
- **inhibit** 억제하다, 방해하다

5 다음 글의 요지로 가장 적절한 것은?

① 광합성과 기후 변화 사이의 복잡한 상호작용

② 열대 우림 보호의 필요성

③ 극한 기후가 식물에 미치는 피해

④ 탄소 흡수원의 종류와 특징

⑤ 지구 온난화의 주요 원인들

[지문 6]

The Psychology of Color in Learning Environments

The colors present in learning environments can significantly affect students' concentration, mood, and academic performance. Educational psychologists have conducted extensive research on how different colors influence cognitive processes and emotional states. Warm colors, such as red and orange, tend to increase alertness and energy levels but can also cause agitation if used excessively. Cool colors, like blue and green, promote calmness and focus, making them ideal for studying and concentration tasks. Yellow is associated with creativity and optimism, which can enhance problem-solving abilities. However, too much yellow can be overwhelming and distracting. Neutral colors, including white and beige, provide a clean and organized appearance but may lack the stimulating effects needed for active learning. Researchers recommend using a balanced combination of colors in classrooms, with cool colors dominating study areas and warm accents used sparingly to create visual interest without causing distraction.

Vocabulary

- **concentration** 집중력
- **educational psychologist** 교육 심리학자
- **agitation** 동요, 불안
- **creativity** 창의성

6 다음 글의 제목으로 가장 적절한 것은?

① "The History of Classroom Design"

② "How Colors Affect Learning and Student Performance"

③ "The Best Paint Brands for Schools"

④ "Why Students Prefer Bright Colors"

⑤ "The Cost of Renovating School Buildings"

[지문 7]

Antibiotic Resistance: A Growing Concern

Antibiotic resistance occurs when bacteria evolve and develop the ability to survive exposure to antibiotics that were previously effective against them. This phenomenon has become one of the most pressing public health challenges of the 21st century. The overuse and misuse of antibiotics in both human medicine and agriculture have accelerated the development of resistant bacterial strains. When antibiotics are used unnecessarily or not taken as prescribed, some bacteria survive and multiply, passing their resistance traits to future generations. Common practices that contribute to resistance include taking antibiotics for viral infections, stopping treatment early, and using antibiotics in livestock feed for growth promotion. The consequences of antibiotic resistance are severe, including longer hospital stays, higher medical costs, and increased mortality rates. Healthcare professionals emphasize the importance of using antibiotics responsibly and developing new treatment strategies to combat resistant bacteria.

Vocabulary

- **resistance** 저항성, 내성
- **accelerate** 가속화하다
- **multiply** 번식하다, 증식하다
- **mortality** 사망률

7 다음 글의 주제로 가장 적절한 것은?

The Economics of Renewable Energy

The transition to renewable energy sources has become increasingly important from both environmental and economic perspectives. Solar, wind, and hydroelectric power are becoming more cost-effective as technology improves and production scales up. The initial investment costs for renewable energy infrastructure are often high, but the long-term operational costs are significantly lower than those of fossil fuel-based power plants. Renewable energy sources do not require fuel purchases, and their maintenance costs are relatively minimal. Additionally, the renewable energy sector has created millions of jobs worldwide, from manufacturing solar panels to installing wind turbines. Governments are supporting this transition through subsidies, tax incentives, and favorable policies. However, challenges remain, including the intermittent nature of some renewable sources and the need for improved energy storage technologies. Despite these challenges, economic analyses consistently show that renewable energy investments provide substantial returns over time while reducing environmental impact.

Vocabulary

- **transition** 전환
- **cost-effective** 비용 효율적인
- **investment** 투자
- **subsidy** 보조금
- **intermittent** 간헐적인

③ 정부 정책의 중요성

④ 에너지 저장 기술의 필요성

⑤ 재생 에너지 일자리 창출 효과

[지문 9]

The Science of Memory Formation

Memory formation is a complex neurological process that involves multiple regions of the brain working together. When we experience something new, neurons create connections called synapses that store information. The strength of these connections determines how well we remember the experience. The process begins with encoding, where sensory information is converted into a form that the brain can store. This information then moves to short-term memory, which can hold a limited amount of data for a brief period. Through a process called consolidation, important information is transferred to long-term memory, where it can be stored indefinitely. Factors such as attention, emotion, and repetition significantly influence memory formation. Strong emotions, in particular, can enhance memory consolidation, which is why we often remember emotionally significant events more clearly. Understanding these processes has important implications for education, as teachers can use memory research to develop more effective learning strategies.

Vocabulary

- **neurological** 신경학의
- **neuron** 뉴런, 신경세포
- **synapse** 시냅스, 신경연접
- **encoding** 부호화, 암호화
- **consolidation** 강화, 통합

Urban Heat Islands and Public Health

Urban heat islands are areas within cities that experience significantly higher temperatures than surrounding rural areas. This phenomenon occurs due to the absorption and retention of heat by buildings, roads, and other infrastructure made of concrete and asphalt. The lack of vegetation in urban areas also contributes to higher temperatures, as plants naturally cool the air through evapotranspiration. Urban heat islands pose serious public health risks, particularly during heat waves. Vulnerable populations, including elderly people, children, and individuals with chronic health conditions, are at increased risk of heat-related illnesses such as heat exhaustion and heat stroke. Studies have shown that urban heat islands can increase mortality rates during extreme heat events. Additionally, higher temperatures increase energy consumption as people rely more heavily on air conditioning, leading to higher electricity bills and increased strain on power grids. Urban planners are implementing strategies to mitigate heat islands, including increasing green spaces, using reflective building materials, and creating cool roofs.

Vocabulary

- **absorption** 흡수
- **infrastructure** 사회기반시설
- **evapotranspiration** 증발산
- **vulnerable** 취약한

10 다음 글의 주제로 가장 적절한 것은?

① The benefits of urban development

② The causes and health impacts of urban heat islands

③ The importance of air conditioning in cities

④ How to design energy-efficient buildings

⑤ The economic costs of urban planning

[지문 11]

The Role of Gut Bacteria in Human Health

The human digestive system contains trillions of bacteria, collectively known as the gut microbiome, which plays a crucial role in maintaining overall health. These beneficial bacteria help break down food, produce essential vitamins, and support the immune system. Recent research has revealed that the composition of gut bacteria can influence various aspects of health, including metabolism, mood, and even brain function. A balanced microbiome helps prevent the growth of harmful bacteria and pathogens that can cause illness. Factors such as diet, antibiotics, stress, and lifestyle choices can significantly alter the bacterial balance in the gut. Diets rich in fiber, fruits, and vegetables promote the growth of beneficial bacteria, while processed foods and excessive sugar can harm the microbiome. Scientists are increasingly recognizing the gut-brain connection, where gut bacteria can affect neurotransmitter production and influence mental health. This growing field of research suggests that maintaining a healthy gut microbiome may be key to preventing various diseases and promoting overall wellness.

Vocabulary

- **digestive system** 소화계
- **microbiome** 미생물군
- **metabolism** 신진대사
- **pathogen** 병원균
- **neurotransmitter** 신경전달물질

④ 스트레스가 소화기관에 미치는 영향

⑤ 뇌와 장의 해부학적 연결 구조

[지문 12]

The Economics of Fast Fashion

Fast fashion refers to the rapid production of inexpensive clothing that mimics current fashion trends. This business model has revolutionized the clothing industry by making trendy clothes accessible to consumers at low prices. Companies can design, produce, and distribute new styles within weeks, allowing them to respond quickly to changing fashion demands. However, this approach has significant economic and environmental consequences. The emphasis on low costs often leads to poor working conditions in manufacturing facilities and extremely low wages for workers. Additionally, the fast fashion model encourages overconsumption, as consumers frequently purchase new items and discard old ones quickly. This creates enormous amounts of textile waste, with millions of tons of clothing ending up in landfills each year. The environmental cost includes water pollution from dyeing processes, excessive use of natural resources, and carbon emissions from transportation. Critics argue that the true cost of fast fashion is hidden in these externalities, and consumers are beginning to demand more sustainable alternatives.

Vocabulary

- **revolutionize** 혁신하다
- **consequence** 결과
- **overconsumption** 과소비
- **landfill** 매립지
- **sustainable** 지속가능한

12 다음 글의 주제로 가장 적절한 것은?

① The history of fashion industry development

② The economic and environmental impacts of fast fashion

③ How to start a successful clothing business

④ The working conditions in textile factories

⑤ Consumer preferences in clothing purchases

[지문 13]

The Science of Addiction

Addiction is a complex neurological condition that affects the brain's reward system and decision-making processes. When a person uses addictive substances or engages in certain behaviors, the brain releases dopamine, a neurotransmitter associated with pleasure and reward. Over time, repeated exposure causes the brain to adapt by reducing natural dopamine production and requiring larger amounts of the substance or behavior to achieve the same effect. This process, known as tolerance, is accompanied by physical and psychological dependence. Brain imaging studies show that addiction affects areas responsible for judgment, learning, memory, and behavior control. Genetic factors account for approximately 50% of an individual's risk for developing addiction, while environmental factors such as stress, trauma, and social influences contribute to the remaining risk. Understanding addiction as a medical condition rather than a moral failing has led to more effective treatments, including therapy, medication, and support programs that address both the biological and psychological aspects of the disorder.

Vocabulary

- **neurological** 신경학의
- **dopamine** 도파민
- **tolerance** 내성
- **dependence** 의존성
- **therapy** 치료법

13 다음 글의 제목으로 가장 적절한 것은?

[지문 14]

Precision Agriculture and Food Security

Precision agriculture uses advanced technology to optimize farming practices and increase crop yields while minimizing environmental impact. This approach involves collecting detailed data about soil conditions, weather patterns, and crop health using sensors, drones, and satellite imagery. Farmers can then apply fertilizers, pesticides, and water precisely where and when needed, reducing waste and costs. GPS-guided tractors can plant seeds with exact spacing and depth, ensuring optimal growing conditions. The data collected allows farmers to identify problems early, such as pest infestations or nutrient deficiencies, enabling quick interventions that prevent crop losses. As the global population continues to grow, precision agriculture becomes increasingly important for food security. Traditional farming methods may not be sufficient to feed an estimated 9 billion people by 2050. By maximizing efficiency and productivity while reducing environmental damage, precision agriculture offers a sustainable solution to meet future food demands. However, the high initial costs of technology and the need for technical training present challenges for widespread adoption, particularly among small-scale farmers.

Vocabulary

- **technology** 기술
- **yield** 수확량
- **sensor** 센서
- **GPS** 위성위치확인시스템
- **intervention** 개입, 조치

14 다음 글의 주제로 가장 적절한 것은?

① The challenges facing small-scale farmers

② The environmental problems caused by agriculture

③ How precision agriculture addresses food security challenges

④ The cost of implementing new farming technology

⑤ Traditional farming methods and their effectiveness

[지문 15]

The Psychology of Decision Making

Human decision-making is influenced by numerous cognitive biases that can lead to irrational choices. These mental shortcuts, while often helpful in daily life, can sometimes result in poor decisions. The availability heuristic causes people to overestimate the likelihood of events that are easily remembered, often because they were recent or dramatic. For example, people may fear airplane crashes more than car accidents, despite statistics showing that flying is much safer. Confirmation bias leads individuals to seek information that supports their existing beliefs while ignoring contradictory evidence. The anchoring effect occurs when people rely too heavily on the first piece of information encountered when making decisions. Additionally, loss aversion means that people typically feel the pain of losing something more intensely than the pleasure of gaining the same thing. Understanding these biases is crucial for improving decision-making in various contexts, from personal financial choices to medical diagnoses. Researchers suggest that awareness of these tendencies, combined with structured decision-making processes, can help people make more rational choices.

Vocabulary

- **cognitive** 인지의
- **bias** 편견, 편향
- **availability heuristic** 가용성 휴리스틱
- **confirmation bias** 확증 편향
- **anchoring effect** 닻 내림 효과
- **loss aversion** 손실 회피
- **rational** 합리적인

[지문 16]

Ocean Acidification and Marine Ecosystems

Ocean acidification, often called the "other CO2 problem," occurs when the ocean absorbs carbon dioxide from the atmosphere, causing seawater to become more acidic. Since the Industrial Revolution, the ocean has absorbed approximately 30% of human-produced CO2, leading to a significant decrease in ocean pH levels. This chemical change poses serious threats to marine ecosystems, particularly organisms that build shells and skeletons from calcium carbonate, such as corals, mollusks, and certain plankton species. As ocean acidity increases, these organisms struggle to maintain their calcium carbonate structures, which can dissolve in acidic conditions. Coral reefs, which support about 25% of all marine species, are especially vulnerable to acidification. The weakening of these ecosystems has cascading effects throughout the food chain, potentially affecting fish populations that billions of people depend on for food and income. Scientists are studying various approaches to address ocean acidification, including reducing CO2 emissions and developing alkalinization techniques to counteract acidity. However, the most effective solution remains significant reductions in global carbon dioxide emissions.

Vocabulary

- **acidic** 산성의
- **ecosystem** 생태계
- **dissolve** 용해되다
- **vulnerable** 취약한
- **cascading** 연쇄적인
- **alkalinization** 알칼리화

[지문 17]

The Digital Divide and Educational Inequality

The digital divide refers to the gap between individuals who have access to modern information technology and those who do not. This disparity has become increasingly important in education, as schools and universities rely more heavily on digital tools and online resources. Students without reliable internet access or adequate devices face significant disadvantages in their educational pursuits. The COVID-19 pandemic highlighted these inequalities when schools shifted to remote learning, leaving many students unable to participate effectively in online classes. Rural areas often lack the infrastructure necessary for high-speed internet, while low-income families may not be able to afford computers or internet services. This digital divide perpetuates educational inequality, as students with better technology access can take advantage of online courses, research resources, and educational software. The consequences extend beyond immediate academic performance, affecting long-term career prospects and economic opportunities. Governments and educational institutions are implementing various strategies to bridge this gap, including providing devices to students, improving internet infrastructure, and creating public Wi-Fi access points. However, addressing the digital divide requires sustained effort and significant investment in both technology and digital literacy programs.

Vocabulary

- **information technology** 정보 기술
- **disadvantage** 불리함
- **infrastructure** 사회기반시설
- **perpetuate** 지속시키다
- **investment** 투자

17 다음 글의 주제로 가장 적절한 것은?

① The benefits of online education during the pandemic

② How the digital divide contributes to educational inequality

③ The cost of providing computers to students

④ Rural development and internet infrastructure

⑤ The importance of digital literacy skills

[지문 18]

Biomimicry in Engineering and Design

Biomimicry is an innovative approach to design that seeks solutions to human challenges by studying and imitating natural processes and structures. This field has led to numerous breakthrough innovations across various industries. For example, the study of bird flight patterns inspired the design of more efficient airplane wings, while the structure of shark skin led to the development of swimsuits that reduce drag in water. Velcro was invented after observing how burr seeds stick to animal fur using tiny hooks. In architecture, termite mounds have inspired building designs that maintain comfortable temperatures without air conditioning through natural ventilation systems. The lotus leaf's self-cleaning properties have influenced the creation of stain-resistant fabrics and paints. Recent advances include studying gecko feet to develop stronger adhesives and examining spider silk properties to create ultra-strong materials. Biomimicry not only leads to innovative products but often results in more sustainable and efficient solutions than traditional engineering approaches. As technology advances, researchers continue to discover new applications by observing the ingenious solutions that have evolved in nature over millions of years.

Vocabulary

- **design** 설계
- **imitate** 모방하다
- **innovation** 혁신
- **architecture** 건축학
- **adhesive** 접착제
- **sustainable** 지속가능한

18 다음 글의 요지로 가장 적절한 것은?

① 자연을 모방한 생체모방학의 혁신적 응용 사례들

② 전통적인 공학 방법의 한계점

③ 새로운 재료 개발의 중요성

[지문 19]

The Impact of Music on Brain Development

Scientific research has demonstrated that music has profound effects on brain development, particularly in children and adolescents. Learning to play musical instruments creates new neural pathways and strengthens connections between different brain regions. Studies using brain imaging technology show that musicians have larger areas of the brain responsible for motor control, auditory processing, and spatial reasoning. Children who receive music education often demonstrate improved mathematical abilities, as music and math share similar patterns and structures. The discipline required to practice an instrument also enhances focus, patience, and perseverance. Additionally, group music activities, such as playing in orchestras or bands, develop social skills and teamwork abilities. Research indicates that the benefits of music education extend beyond childhood, with adults who learned music showing better cognitive flexibility and slower age-related cognitive decline. Music therapy is now used to help individuals with various conditions, including autism, depression, and dementia. The therapeutic effects of music suggest that rhythm and melody can access parts of the brain that other treatments cannot reach, making music a powerful tool for healing and development.

Vocabulary

- **neural** 신경의
- **pathway** 경로
- **motor control** 운동 조절
- **mathematical** 수학의
- **discipline** 훈련, 규율
- **perseverance** 인내
- **cognitive** 인지의
- **therapeutic** 치료의

Renewable Energy Storage Solutions

One of the primary challenges facing renewable energy adoption is the intermittent nature of sources like solar and wind power. Unlike traditional power plants that can generate electricity on demand, renewable sources depend on weather conditions and time of day. This variability creates a need for effective energy storage solutions that can capture excess energy when production is high and release it when demand exceeds generation. Battery technology has advanced significantly, with lithium-ion batteries becoming more efficient and affordable. However, large-scale storage requires diverse approaches beyond conventional batteries. Pumped hydro storage uses excess electricity to pump water uphill, which can later be released to generate power through turbines. Compressed air energy storage systems use surplus energy to compress air in underground caverns, which is then released to drive generators. Other innovative approaches include thermal storage, where heat is stored in molten salt, and flywheel systems that store energy in rotating masses. The development of efficient, cost-effective storage technologies is crucial for achieving a reliable renewable energy grid and reducing dependence on fossil fuels.

Vocabulary

- **adoption** 채택
- **intermittent** 간헐적인
- **variability** 변동성
- **battery** 배터리
- **pumped hydro storage** 양수 발전
- **turbine** 터빈
- **cavern** 동굴
- **thermal** 열의
- **flywheel** 플라이휠

20 다음 글의 주제로 가장 적절한 것은?

① The environmental benefits of renewable energy

② Various energy storage solutions for renewable power

③ The cost comparison between renewable and fossil fuels

④ How weather affects solar and wind power generation

⑤ The future of lithium-ion battery technology

[지문 21]

The Science of Happiness

Positive psychology research has identified several key factors that contribute to human happiness and well-being. While many people believe that external circumstances such as wealth or fame determine happiness, studies show that these factors account for only about 10% of our overall life satisfaction. Genetics play a larger role, contributing approximately 50% to our happiness baseline, which explains why some people naturally tend to be more optimistic or resilient. However, the remaining 40% is within our control through intentional activities and choices. Research indicates that strong social relationships are the most significant predictor of happiness, with people who maintain close friendships and family connections reporting higher levels of life satisfaction. Gratitude practices, such as keeping a gratitude journal, have been shown to increase positive emotions and overall well-being. Regular physical exercise, adequate sleep, and mindfulness meditation also contribute significantly to happiness levels. Acts of kindness and helping others create what researchers call a "helper's high," releasing endorphins and increasing feelings of purpose and connection. Understanding the science of happiness empowers individuals to make choices that promote long-term well-being rather than pursuing temporary pleasures.

Vocabulary

- **genetics** 유전학
- **baseline** 기준선
- **predictor** 예측 인자
- **gratitude** 감사
- **mindfulness** 마음챙김
- **meditation** 명상

21 다음 글의 요지로 가장 적절한 것은?

② 유전자가 성격에 미치는 절대적 영향

③ 부와 명성이 행복에 미치는 중요성

④ 사회적 관계의 경제적 가치

⑤ 명상과 운동의 신체적 효과

[지문 22]

Microplastics in the Food Chain

Microplastics, defined as plastic particles smaller than 5 millimeters, have become a pervasive environmental pollutant that is increasingly found throughout the global food chain. These tiny particles originate from various sources, including the breakdown of larger plastic items, synthetic clothing fibers released during washing, and microbeads from personal care products. Marine organisms, from microscopic plankton to large fish, ingest these particles either directly or through consuming contaminated prey. Studies have detected microplastics in seafood consumed by humans, including fish, shellfish, and salt. The particles have also been found in drinking water, honey, beer, and other food products. While the long-term health effects of microplastic consumption are still being studied, researchers are concerned about potential impacts on human health. Microplastics can carry toxic chemicals and may cause inflammation in body tissues. The accumulation of these particles in organs could potentially disrupt normal biological functions. Addressing this issue requires reducing plastic waste, improving waste management systems, and developing biodegradable alternatives to conventional plastics. The widespread presence of microplastics highlights the urgent need for comprehensive approaches to plastic pollution.

Vocabulary

- **pervasive** 널리 퍼진
- **pollutant** 오염물질
- **plankton** 플랑크톤
- **ingest** 섭취하다
- **toxic** 독성의
- **inflammation** 염증
- **accumulation** 축적

The Role of Sleep in Athletic Performance

Sleep plays a critical role in athletic performance, recovery, and injury prevention, yet it is often overlooked by athletes and coaches. During sleep, the body releases growth hormone, which is essential for muscle repair and adaptation following training. REM sleep, in particular, is important for consolidating motor skills and improving coordination. Studies have shown that athletes who get adequate sleep demonstrate faster reaction times, improved accuracy, and better decision-making abilities during competition. Sleep deprivation can significantly impair performance, reducing endurance, strength, and cognitive function. Research with basketball players found that extending sleep to 10 hours per night improved free-throw shooting accuracy by 9% and three-point shooting by 9.2%. Sleep also affects injury risk, as tired athletes have slower reaction times and impaired judgment, making them more susceptible to accidents. Additionally, insufficient sleep compromises the immune system, increasing the likelihood of illness that can disrupt training schedules. Sports scientists now recognize sleep as the ultimate performance enhancer, leading many professional teams to employ sleep specialists and create optimal sleep environments for their athletes.

Vocabulary

- **recovery** 회복
- **repair** 수리, 회복
- **adaptation** 적응
- **REM** 렘수면
- **consolidate** 통합하다
- **deprivation** 부족
- **cognitive** 인지의
- **susceptible** 취약한
- **compromise** 손상시키다

23 다음 글의 주제로 가장 적절한 것은?

① The importance of nutrition for athletic training

② How sleep affects athletic performance and recovery

③ The role of coaches in athlete development

④ Injury prevention strategies in professional sports

⑤ The psychology of competitive sports

[지문 24]

Vertical Farming and Urban Agriculture

Vertical farming represents an innovative approach to agriculture that involves growing crops in vertically stacked layers, often in controlled indoor environments. This method uses artificial lighting, climate control, and hydroponic or aeroponic systems to create optimal growing conditions year-round. Vertical farms can produce significantly higher yields per square meter compared to traditional farming, with some facilities claiming up to 365 times more productivity. The controlled environment eliminates the need for pesticides and herbicides, while precise nutrient delivery systems ensure optimal plant growth. Water usage is dramatically reduced through recirculation systems that can use up to 95% less water than conventional farming. Vertical farming also eliminates weather-related risks and allows for crop production in urban areas, reducing transportation costs and carbon emissions from food distribution. However, the technology faces significant challenges, including high initial investment costs and substantial energy requirements for artificial lighting. Critics argue that the energy consumption may offset environmental benefits unless renewable energy sources are used. Despite these challenges, vertical farming shows promise for addressing food security in densely populated urban areas and regions with limited arable land.

Vocabulary

- **vertically** 수직으로
- **artificial lighting** 인공 조명
- **hydroponic** 수경재배의
- **aeroponic** 공기재배의
- **yield** 수확량
- **nutrient** 영양분
- **recirculation** 순환
- **urban** 도시의
- **emission** 배출
- **investment** 투자
- **arable** 경작할 수 있는

24 다음 글의 요지로 가장 적절한 것은?

① 수직농업의 장점과 한계를 포함한 전반적 평가

② 전통적인 농업 방법의 우수성

③ 도시 지역의 환경 오염 문제

④ 재생 에너지의 농업 분야 활용

⑤ 식량 안보를 위한 국제 협력 방안

[지문 25]

The Psychology of Procrastination

Procrastination is a common behavioral pattern characterized by the voluntary delay of important tasks despite knowing that this delay may lead to negative consequences. Research in psychology has identified several underlying factors that contribute to procrastination. Perfectionism often plays a significant role, as individuals may delay starting tasks because they fear their work will not meet their own high standards. The brain's reward system also influences procrastination, as people naturally prefer immediate gratification over long-term benefits. Tasks that seem overwhelming or ambiguous are more likely to be postponed, as the brain perceives them as threats and triggers avoidance behaviors. Low self-confidence and fear of failure can create a cycle where individuals delay tasks to avoid potential disappointment. Interestingly, some people engage in what researchers call "productive procrastination," where they avoid one task by completing other useful activities. Understanding the psychological roots of procrastination has led to effective interventions, including breaking large tasks into smaller, manageable steps, setting specific deadlines, and using accountability systems. Cognitive-behavioral therapy techniques can also help individuals change thought patterns that contribute to chronic procrastination.

Vocabulary

- **behavioral** 행동의
- **procrastination** 미루기
- **perfectionism** 완벽주의
- **reward system** 보상 체계
- **ambiguous** 모호한
- **avoidance** 회피
- **intervention** 개입, 중재
- **accountability** 책임감
- **cognitive-behavioral** 인지행동의

25 다음 글의 제목으로 가장 적절한 것은?

Gene Therapy and Modern Medicine

Gene therapy represents a revolutionary approach to treating diseases by modifying or replacing defective genes within a patient's cells. This cutting-edge medical technique involves introducing healthy genetic material into cells to correct inherited disorders or acquired diseases. Several methods are used to deliver therapeutic genes, including modified viruses that serve as vectors to transport genes into target cells. CRISPR-Cas9 technology has emerged as a particularly promising tool, allowing scientists to make precise edits to DNA sequences with unprecedented accuracy. Gene therapy has shown remarkable success in treating certain genetic conditions, such as severe combined immunodeficiency and some forms of inherited blindness. Clinical trials have demonstrated the potential to treat hemophilia, sickle cell disease, and various types of cancer using gene therapy approaches. However, the field faces significant challenges, including ensuring the safety of gene delivery methods, controlling where and how long therapeutic genes remain active, and addressing ethical concerns about genetic modification. The high cost of development and treatment also limits accessibility. Despite these challenges, gene therapy offers hope for treating previously incurable diseases and represents a paradigm shift toward personalized medicine based on individual genetic profiles.

Vocabulary

- **revolutionary** 혁명적인
- **modify** 수정하다
- **defective** 결함이 있는
- **inherited** 유전된
- **vector** 벡터
- **CRISPR** 크리스퍼
- **emerge** 나타나다
- **immunodeficiency** 면역결핍
- **hemophilia** 혈우병
- **ethical** 윤리적인
- **incurable** 치료 불가능한

26 다음 글의 주제로 가장 적절한 것은?

① The history of genetic research and discoveries

② Gene therapy: potential and challenges in modern medicine

③ The cost-effectiveness of traditional medical treatments

④ Ethical debates surrounding medical research

⑤ The role of viruses in disease transmission

[지문 27]

The Economics of the Sharing Economy

The sharing economy, exemplified by companies like Uber, Airbnb, and TaskRabbit, has transformed how people access goods and services by enabling individuals to monetize underutilized assets. This economic model is based on the principle of collaborative consumption, where people share resources rather than owning them individually. Technology platforms connect service providers with consumers, creating peer-to-peer marketplaces that bypass traditional business models. The sharing economy offers several economic benefits, including increased efficiency in resource utilization, lower costs for consumers, and new income opportunities for individuals. For example, car-sharing services reduce the need for individual car ownership while providing mobility solutions, and home-sharing platforms allow homeowners to generate income from unused space. However, this model also presents challenges to traditional industries and regulatory frameworks. Critics argue that sharing economy companies often avoid the costs and responsibilities associated with traditional employment, leaving workers without benefits or job security. Additionally, the concentration of market power in a few large platforms raises concerns about monopolistic behavior and fair competition. The sharing economy's impact on taxation, urban planning, and worker rights continues to evolve as governments adapt regulations to this new economic paradigm.

Vocabulary

- **transform** 변화시키다
- **monetize** 수익화하다
- **asset** 자산
- **consumption** 소비
- **technology platform** 기술 플랫폼
- **peer-to-peer** 개인 간
- **marketplace** 시장
- **efficiency** 효율성
- **mobility** 이동성
- **regulatory** 규제의
- **monopolistic** 독점적인
- **taxation** 과세

27 다음 글의 요지로 가장 적절한 것은?

① 공유경제의 경제적 이익과 해결해야 할 과제들

② 전통적인 고용 모델의 장점

③ 기술 플랫폼의 발전 과정

④ 정부 규제의 필요성

⑤ 개인 자산 관리의 중요성

[지문 28]

The Impact of Artificial Intelligence on Healthcare

Artificial intelligence is revolutionizing healthcare by enhancing diagnostic accuracy, improving treatment outcomes, and streamlining administrative processes. Machine learning algorithms can analyze vast amounts of medical data, including imaging scans, laboratory results, and patient records, to identify patterns that might be missed by human clinicians. AI-powered diagnostic tools have demonstrated remarkable accuracy in detecting diseases such as cancer, diabetic retinopathy, and heart conditions from medical images. Natural language processing enables AI systems to extract valuable information from unstructured medical notes and research papers, helping doctors stay current with medical literature. AI also assists in drug discovery by analyzing molecular structures and predicting how potential medications will interact with the human body, potentially reducing the time and cost of developing new treatments. Robotic surgery systems enhanced with AI provide surgeons with greater precision and control during complex procedures. However, the integration of AI in healthcare raises important concerns about privacy, data security, and the need to maintain human oversight in medical decision-making. The liability questions surrounding AI-assisted diagnoses and the potential for algorithmic bias also require careful consideration as these technologies become more widespread in clinical practice.

Vocabulary

- **revolutionize** 혁신하다
- **diagnostic** 진단의
- **streamline** 간소화하다
- **algorithm** 알고리즘
- **diabetic** 당뇨병의
- **retinopathy** 망막병증
- **natural language processing** 자연어 처리
- **drug discovery** 신약 개발

Climate Change and Agricultural Adaptation

Climate change is significantly affecting global agriculture through alterations in temperature, precipitation patterns, and extreme weather events. Rising temperatures are shifting growing seasons and altering the geographical distribution of crops, with some regions becoming unsuitable for traditional agricultural practices while others gain new growing potential. Changes in rainfall patterns create both droughts and flooding, disrupting crop production and soil health. Increased frequency of extreme weather events, such as hurricanes, hailstorms, and heat waves, poses additional risks to agricultural productivity. These changes threaten global food security, particularly in developing countries where agriculture is a primary economic activity. However, farmers and agricultural scientists are developing adaptation strategies to address these challenges. Drought-resistant crop varieties, developed through both traditional breeding and genetic modification, can survive in water-scarce conditions. Precision agriculture technologies help farmers optimize water and nutrient use, reducing vulnerability to climate variability. Crop rotation and diversification strategies can improve soil health and reduce risks associated with climate-related crop failures. Additionally, sustainable farming practices, such as conservation tillage and agroforestry, can help mitigate climate change impacts while maintaining agricultural productivity.

Vocabulary

- **alteration** 변화
- **shift** 이동시키다
- **geographical** 지리적인
- **distribution** 분포
- **drought** 가뭄
- **flooding** 홍수
- **hailstorm** 우박 폭풍
- **productivity** 생산성
- **adaptation** 적응
- **drought-resistant** 가뭄 저항성의
- **precision agriculture** 정밀농업
- **vulnerability** 취약성
- **crop rotation** 윤작
- **diversification** 다양화
- **sustainable** 지속가능한
- **conservation** 보존
- **mitigate** 완화하다

29 다음 글의 주제로 가장 적절한 것은?

① The benefits of traditional farming methods

② Climate change impacts on agriculture and adaptation strategies

③ The role of technology in modern farming

④ Global food security and population growth

⑤ The economics of agricultural production

The Science of Social Media Addiction

Social media addiction shares many characteristics with other behavioral addictions, involving compulsive use despite negative consequences for personal relationships, work, or mental health. The design of social media platforms exploits psychological principles to maximize user engagement and time spent on the platform. Variable ratio reinforcement schedules, similar to those used in gambling, create intermittent rewards through likes, comments, and shares, making the behavior highly addictive. The brain releases dopamine when users receive social validation through these platforms, creating a cycle of seeking and receiving rewards. Fear of Missing Out (FOMO) drives users to constantly check their feeds to stay updated on others' activities, while social comparison mechanisms can lead to decreased self-esteem and anxiety. Excessive social media use has been linked to sleep disruption, reduced face-to-face social skills, and increased rates of depression and anxiety, particularly among adolescents. Neuroimaging studies show that heavy social media users display similar brain activation patterns to those seen in substance addictions. Understanding these mechanisms has led to the development of interventions, including digital wellness apps, usage tracking tools, and cognitive-behavioral therapy approaches specifically designed to address problematic social media use.

Vocabulary

- **addiction** 중독
- **behavioral** 행동의
- **compulsive** 강박적인
- **exploit** 이용하다
- **reinforcement** 강화
- **intermittent** 간헐적인
- **dopamine** 도파민
- **validation** 인정
- **anxiety** 불안
- **disruption** 방해
- **face-to-face** 대면의
- **neuroimaging** 뇌영상
- **activation** 활성화
- **intervention** 개입

30 다음 글의 요지로 가장 적절한 것은?

① 소셜미디어 중독의 과학적 메커니즘과 치료 방법들

② 청소년들의 인터넷 사용 실태

③ 디지털 기술의 발전과 사회 변화

④ 뇌과학 연구의 최신 동향

⑤ 정신건강 문제의 사회적 원인

The Benefits of Reading Books

Reading books provides numerous benefits for both mental and physical health. When people read regularly, their vocabulary expands and their language skills improve significantly. Reading also enhances concentration and focus, as it requires sustained attention for extended periods. Studies have shown that reading fiction helps develop empathy by allowing readers to experience different perspectives and emotions through characters' experiences. Additionally, reading before bedtime can improve sleep quality by helping the mind relax and reducing stress levels. Regular reading has been linked to slower cognitive decline in older adults, suggesting that it may help prevent memory-related diseases. Furthermore, reading increases general knowledge and keeps people informed about various topics, making them better conversationalists and more well-rounded individuals.

Vocabulary

- **vocabulary** 어휘
- **expand** 확장하다
- **significantly** 상당히
- **concentration** 집중력
- **empathy** 공감 능력
- **sleep quality** 수면의 질
- **reduce** 줄이다
- **decline** 감소

31 다음 글의 요지로 가장 적절한 것은?

① 독서가 정신적, 신체적 건강에 미치는 다양한 이점들

② 소설 읽기가 다른 장르보다 더 유익한 이유

③ 수면 문제 해결을 위한 효과적인 방법들

④ 어휘력 향상을 위한 구체적인 학습 전략

⑤ 나이가 들수록 독서가 어려워지는 이유

The Rise of Online Learning

Online learning has become increasingly popular due to its flexibility and accessibility. Students can access course materials from anywhere with an internet connection, allowing them to learn at their own pace and schedule. This format is particularly beneficial for working adults who cannot attend traditional classroom sessions. Online courses often cost less than in-person classes, making education more affordable for many people. However, online learning also presents certain challenges. Students must be highly self-motivated and disciplined to succeed without the structure of regular classroom attendance. Technical difficulties and poor internet connections can disrupt the learning process. Additionally, some subjects that require hands-on practice or laboratory work are difficult to teach effectively online.

Vocabulary

- **flexibility** 유연성
- **accessibility** 접근성
- **schedule** 일정
- **affordable** 감당할 수 있는
- **self-motivated** 자기주도적인
- **disciplined** 자기통제력이 있는
- **technical** 기술적인
- **disrupt** 방해하다

Urban Gardening Movement

Urban gardening has emerged as a popular solution to several modern challenges. In crowded cities where green space is limited, people are creating gardens on rooftops, balconies, and small plots of land. These urban gardens provide fresh, organic produce that would otherwise be expensive to purchase. Growing food locally also reduces the environmental impact of transportation and packaging. Urban gardening projects often bring communities together, as neighbors collaborate to maintain shared garden spaces. Children who participate in these gardens learn valuable lessons about where food comes from and develop healthier eating habits. Additionally, urban gardens help improve air quality and provide habitat for birds and insects in city environments.

Vocabulary

- **limited** 제한된
- **organic** 유기농의
- **environmental impact** 환경 영향
- **transportation** 운송
- **collaborate** 협력하다
- **habitat** 서식지

33 다음 글의 주제로 가장 적절한 것은?

① The economic benefits of urban development

② Urban gardening as a solution to city challenges

③ How to grow vegetables in small spaces

④ The importance of organic food production

⑤ Community building activities in neighborhoods

[지문 34]

The Science of Habits

Understanding how habits form can help people develop positive behaviors and break negative ones. Neuroscientists have discovered that habits are created through a three-step process called the "habit loop." First, there is a cue or trigger that tells the brain to enter automatic mode. Next comes the routine, which is the actual behavior or action. Finally, there is a reward that helps the brain remember and repeat the pattern. The more often this loop is repeated, the stronger the habit becomes. To change a habit, experts suggest keeping the same cue and reward while substituting a new routine. For example, if someone wants to stop eating unhealthy snacks in the afternoon, they could keep the afternoon timing (cue) and the satisfaction feeling (reward) while replacing the unhealthy snack with a healthy one (new routine).

Vocabulary

- **neuroscientist** 신경과학자
- **cue** 신호, 단서
- **routine** 일상, 루틴
- **reward** 보상
- **substitute** 대체하다

34 다음 글의 요지로 가장 적절한 것은?

① 습관의 형성 과정과 변화 방법에 대한 과학적 이해

② 건강한 식습관 개발을 위한 구체적 방법

③ 뇌과학 연구의 최신 발전 동향

④ 자동 모드와 의식적 행동의 차이점

⑤ 부정적 행동 패턴의 위험성

The Impact of Music on Exercise

Research shows that listening to music during exercise can significantly improve performance and make workouts more enjoyable. Music with a fast tempo and strong beat helps people maintain a steady rhythm during activities like running or cycling. The brain releases endorphins when people listen to music they enjoy, which can reduce the perception of effort and make exercise feel easier. Music also serves as a distraction from physical discomfort, allowing people to exercise for longer periods. Different types of music work better for different activities - upbeat songs are ideal for cardio workouts, while slower music may be better for stretching or yoga. Many fitness experts recommend creating playlists that match the intensity of planned workouts.

Vocabulary

- **performance** 성과
- **tempo** 템포, 박자
- **rhythm** 리듬
- **endorphin** 엔도르핀
- **perception** 인식
- **distraction** 주의 분산
- **upbeat** 경쾌한
- **intensity** 강도

35 다음 글의 제목으로 가장 적절한 것은?

Sustainable Transportation

Cities around the world are adopting sustainable transportation solutions to reduce pollution and traffic congestion. Electric buses and trains produce fewer emissions than vehicles powered by fossil fuels. Bike-sharing programs encourage people to use bicycles for short trips instead of cars. Many cities are creating dedicated bike lanes and pedestrian-only zones to promote alternative forms of transportation. Public transit systems are being expanded and improved to make them more convenient and reliable. Some cities offer incentives such as reduced fees for electric vehicle owners or free parking for hybrid cars. These changes not only help protect the environment but also improve air quality and create more livable urban spaces for residents.

Vocabulary

- **sustainable** 지속가능한
- **congestion** 혼잡
- **emission** 배출
- **alternative** 대안의
- **public transit** 대중교통
- **incentive** 인센티브

36 다음 글의 주제로 가장 적절한 것은?

① The development of electric vehicle technology

② Sustainable transportation solutions in modern cities

③ The economic impact of traffic congestion

④ How to reduce personal transportation costs

⑤ The history of public transportation systems

[지문 37]

The Benefits of Multilingualism

Speaking multiple languages provides numerous cognitive and social benefits. Bilingual and multilingual individuals often show improved problem-solving skills and greater mental flexibility. They can switch between different ways of thinking and are better at multitasking. Research suggests that speaking multiple languages may help delay the onset of dementia and other age-related cognitive disorders. From a social perspective, knowing multiple languages opens doors to different cultures and allows for better communication with diverse groups of people. In today's globalized world, multilingual individuals often have better job opportunities and higher earning potential. Additionally, learning new languages can boost confidence and provide personal satisfaction.

Vocabulary

- **cognitive** 인지의
- **bilingual** 이중 언어의
- **multilingual** 다중 언어의
- **mental flexibility** 정신적 유연성
- **multitasking** 멀티태스킹
- **dementia** 치매
- **disorder** 장애
- **globalized** 세계화된

37 다음 글의 요지로 가장 적절한 것은?

① 다중 언어 구사가 제공하는 인지적, 사회적 이점들

② 외국어 학습의 효과적인 방법과 전략

③ 세계화 시대의 언어 정책 필요성

④ 이중 언어 교육의 학교 도입 방안

⑤ 언어 학습과 뇌 발달의 상관관계

Food Preservation Methods

Throughout history, humans have developed various methods to preserve food and extend its shelf life. Traditional techniques include drying, salting, smoking, and fermentation. Drying removes moisture that bacteria and mold need to grow, while salting draws out water and creates an environment where harmful microorganisms cannot survive. Smoking not only removes moisture but also adds chemicals that prevent spoilage. Fermentation uses beneficial bacteria to create an acidic environment that prevents dangerous bacteria from growing. Modern preservation methods include refrigeration, freezing, and canning. These techniques have made it possible to store food safely for longer periods and transport it over great distances, helping to ensure food security worldwide.

Vocabulary

- **preserve** 보존하다
- **shelf life** 유통기한
- **drying** 건조
- **salting** 염장
- **smoking** 훈제
- **fermentation** 발효
- **harmful microorganism** 유해 미생물
- **spoilage** 부패
- **refrigeration** 냉장
- **freezing** 냉동
- **canning** 통조림
- **transport** 운송하다

38 다음 글의 제목으로 가장 적절한 것은?

① "The History of Cooking Techniques"

② "Food Preservation: Traditional and Modern Methods"

③ "How Bacteria Affects Food Safety"

④ "The Development of the Refrigerator"

The Psychology of Color

Colors have a significant psychological impact on human emotions and behavior. Warm colors like red, orange, and yellow tend to create feelings of energy, enthusiasm, and warmth. Red is often associated with passion and excitement, while yellow is linked to happiness and optimism. Cool colors such as blue, green, and purple typically have a calming effect and are associated with tranquility and relaxation. Blue is often used in bedrooms and offices because it promotes focus and productivity. Green, the color of nature, is believed to reduce stress and promote healing. The intensity of colors also matters - bright, vibrant colors tend to be stimulating, while soft, muted colors are more soothing. Understanding color psychology can help in choosing paint colors for homes, designing workspaces, and even selecting clothing.

Vocabulary

- **psychological** 심리적인
- **warm color** 따뜻한 색
- **enthusiasm** 열정
- **warmth** 따뜻함
- **optimism** 낙관주의
- **cool color** 차가운 색
- **tranquility** 평온함
- **productivity** 생산성
- **intensity** 강도
- **vibrant** 생생한

39 다음 글의 주제로 가장 적절한 것은?

① The history of color in art and design

② How colors affect human psychology and behavior

③ The science behind how we see colors

④ Using colors effectively in photography

⑤ Cultural differences in color meanings

The Importance of Water Conservation

Water is one of Earth's most precious resources, yet many people take it for granted. Freshwater makes up only a small percentage of all water on Earth, and much of it is not easily accessible for human use. As the global population grows and climate change affects weather patterns, water scarcity is becoming an increasingly serious problem. Simple conservation efforts can make a significant difference. Households can reduce water usage by fixing leaks, taking shorter showers, and using efficient appliances. Industries and agriculture also need to adopt water-saving technologies and practices. Governments can implement policies to protect water sources and encourage conservation. Individual actions, while seemingly small, can have a collective impact when adopted by many people working toward the same goal.

Vocabulary

- **precious** 소중한
- **freshwater** 담수
- **accessible** 접근 가능한
- **scarcity** 부족
- **conservation** 보존
- **household** 가정
- **efficient** 효율적인
- **industry** 산업
- **agriculture** 농업
- **technology** 기술
- **government** 정부
- **individual** 개인의
- **collective** 집단적인

40 다음 글의 요지로 가장 적절한 것은?

① 물 보존의 중요성과 개인 및 사회적 실천 방안

② 기후 변화가 물 순환에 미치는 영향

③ 전 세계 물 부족 현상의 심각성

④ 물 절약 기술의 발전과 미래 전망

⑤ 정부의 환경 정책 개발 필요성

Social Media and Teenagers

Social media has become a major part of teenagers' daily lives. Most teens spend several hours each day on platforms like Instagram, TikTok, and Snapchat. While social media helps them stay connected with friends and express themselves creatively, it can also cause problems. Many teenagers compare themselves to others online, which can lead to feelings of anxiety and low self-esteem. Sleep problems are also common when teens use their phones late at night. Additionally, cyberbullying through social media can seriously hurt young people's mental health. Parents and teachers need to help teenagers learn how to use social media in a healthy and balanced way.

Vocabulary

- **spend** 보내다
- **connected** 연결된
- **creatively** 창의적으로
- **anxiety** 불안
- **cyberbullying** 사이버 괴롭힘

41 다음 글의 주제로 가장 적절한 것은?

① The history of social media development

② Social media's effects on teenage life

③ How to create popular social media content

④ The best social media platforms for students

⑤ Why parents should ban social media

The Power of Exercise

Regular exercise is one of the best things people can do for their health. Physical activity helps strengthen muscles and bones, making the body stronger. Exercise also improves heart health and helps people maintain a healthy weight. Beyond physical benefits, exercise has positive effects on mental health too. When people exercise, their bodies release chemicals called endorphins that make them feel happier and more relaxed. Exercise can also help people sleep better at night and have more energy during the day. Even simple activities like walking or riding a bike can make a big difference in overall health and well-being.

Vocabulary

- **activity** 활동
- **release** 방출하다
- **relaxed** 편안한
- **energy** 에너지
- **difference** 차이

42 다음 글의 요지로 가장 적절한 것은?

① 규칙적인 운동이 신체적, 정신적 건강에 미치는 이점

② 체중 감량을 위한 효과적인 운동 방법

③ 운동 부족이 현대인에게 미치는 악영향

④ 다양한 운동 종목의 특징과 장점

⑤ 운동 시설 이용법과 안전 수칙
